

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elena Wise  
DOCKET NO.: 21-03367.001-R-1  
PARCEL NO.: 15-33-116-005

The parties of record before the Property Tax Appeal Board are Elena Wise, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$42,039  
**IMPR.:** \$150,311  
**TOTAL:** \$192,350

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story dwelling of wood siding exterior construction with 3,077 square feet of living area. The dwelling was built in 1989 and is approximately 32 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 462 square foot attached garage. The property has an approximately 9,202 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same neighborhood code as the subject property and located within 0.11 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,933 to 3,077 square feet of living area. The dwellings are 32 years old. Each comparable has a basement with one having finished area,

central air conditioning, one or two fireplaces, and a garage with 462 or 484 square feet of building area. The comparables have improvement assessments that range from \$126,662 to \$143,370 or from \$43.19 to \$46.59 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$139,311 or \$45.27 per square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$192,350. The subject property has an improvement assessment of \$150,311 or \$48.85 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.17 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding or wood siding and brick exterior construction ranging in size from 3,033 to 3,077 square feet of living area. The dwellings were built in 1989. Each comparable has a basement with finished area, central air conditioning, and a garage with 462 or 484 square feet of building area. Four comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$145,660 to \$153,161 or from \$47.34 to \$50.04 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to the appellant's comparables #1 and #2 as well as board of review comparables #1, #2 and #3 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the parties' four remaining comparables which are identical to the subject in age and dwelling size with varying degrees of similarity in location, design, and other features. These comparables have improvement assessments ranging from \$143,057 to \$150,604 or from \$46.49 to \$48.95 per square foot of living area. The subject's improvement assessment of \$150,311 or \$48.85 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
