

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sam Wong  
DOCKET NO.: 21-03373.001-R-1  
PARCEL NO.: 11-29-201-056

The parties of record before the Property Tax Appeal Board are Sam Wong, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$47,442  
**IMPR.:** \$133,431  
**TOTAL:** \$180,873

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story dwelling of brick exterior construction with 3,109 square feet of living area. The dwelling was built in 2001 and is approximately 20 years old. Features of the home include an unfinished basement, central air conditioning, and an attached 625 square foot garage. The property has an approximately 10,963 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located in the same neighborhood code as the subject property and within 0.11 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,386 to 3,797 square feet of living area. The dwellings are either 19 or 20 years old. Each comparable has an unfinished basement,

central air conditioning, and an attached garage that ranges in size from 430 to 630 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$129,061 to \$150,686 or from \$38.12 to \$40.46 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$123,271 or \$39.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$180,873. The subject property has an improvement assessment of \$133,431 or \$42.92 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.20 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,997 to 3,198 square feet of living area. The dwellings were each built in 2001 and thus would be approximately 20 years old. Each comparable has an unfinished basement, central air conditioning, and an attached garage that ranges in size from 430 to 634 square feet of building area. Four comparables each have one fireplace. The comparables have improvement assessments that range from \$129,356 to \$136,454 or from \$41.16 to \$43.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 which is less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and most features. The comparables have improvement assessments that range from \$129,061 to \$139,237 or from \$38.12 to \$43.28 per square foot of living area. The subject's improvement assessment of \$133,431 or \$42.92 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
