

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Srini Chari
DOCKET NO.: 21-03378.001-R-1
PARCEL NO.: 11-11-304-008

The parties of record before the Property Tax Appeal Board are Srini Chari, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$70,533
IMPR.: \$102,334
TOTAL: \$172,867

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 2,190 square feet of living area. The dwelling was built in 1979 and is approximately 42 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and an attached 484 square foot garage. The property has an approximately 40,822 square foot site and is located in Green Oaks, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and within 0.49 of a mile from the subject. The comparables are improved with 1-story dwellings of wood siding exterior construction ranging in size from 2,190 to 2,761 square feet of living area. The dwellings range in age from 38 to 42 years old. Each comparable has an unfinished

basement, central air conditioning, one or two fireplaces, and a garage that ranges in size from 483 to 572 square feet of building area. The comparables have improvement assessments that range from \$68,079 to \$119,133 or from \$28.53 to \$44.36 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$81,413 or \$37.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,867. The subject property has an improvement assessment of \$102,334 or \$46.73 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.47 of a mile from the subject. Board of review comparable #4 is the same property as the appellant's comparable #4. The comparables are improved with 1-story dwellings of brick or wood siding exterior construction ranging in size from 2,190 to 2,302 square feet of living area. The dwellings were built from 1980 to 1986 and thus would range in age from approximately 35 to 41 years old. Comparable #5 built in 1983 has an effective age of 1999. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a garage that ranges in size from 484 to 770 square feet of building area. Comparable #1 has an inground swimming pool. The comparables have improvement assessments that range from \$97,142 to \$125,731 or from \$44.36 to \$54.62 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration, which includes one comparable shared by both parties. The Board gives less weight to the appellant's comparable #1 which appears to be an outlier with an improvement assessment that is considerably lower than other comparables in this record. The Board gives less weight to the appellant's comparables #2 and #3 as well as board of review comparable #5 due to differences in dwelling size or effective age when compared to the subject. The Board also gives less weight to board of review comparable #1 which features an inground swimming pool, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which includes the common comparable. These comparables are similar to the subject in location, design, age/effective age, dwelling size, and most features. The comparables have

improvement assessments that range from \$97,142 to \$107,641 or from \$44.36 to \$47.05 per square foot of living area. The subject's improvement assessment of \$102,334 or \$46.73 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
