

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edwin Josephson  
DOCKET NO.: 21-03383.001-R-1  
PARCEL NO.: 15-36-205-002

The parties of record before the Property Tax Appeal Board are Edwin Josephson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$70,329  
**IMPR.:** \$174,630  
**TOTAL:** \$244,959

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of dryvit exterior construction with 3,322 square feet of living area. The dwelling was constructed in 1995 and is approximately 26 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 776 square foot garage. The property has a 22,371 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of dryvit exterior construction ranging in size from 3,778 to 4,250 square feet of living area. The dwellings range in age from 24 to 26 years old. Each home has a basement, central air conditioning, one or three fireplaces, and a garage

ranging in size from 690 to 820 square feet of building area. The comparables have improvement assessments ranging from \$189,840 to \$207,763 or from \$48.60 to \$50.25 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$244,959. The subject property has an improvement assessment of \$174,630 or \$52.57 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of dryvit or brick and dryvit exterior construction ranging in size from 3,576 to 4,094 square feet of living area. The dwellings were constructed from 1995 to 1997. Each home has a basement with finished area, central air conditioning, one or three fireplaces, and a garage ranging in size from 690 to 837 square feet of building area. The comparables have improvement assessments ranging from \$192,918 to \$215,872 or from \$51.82 to \$53.95 per square foot of living area.

Based on this evidence the board of review requested the subject's improvement assessment be sustained.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #1, #2, and #5, which are less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review's comparables #3 and #4, which are similar to the subject in dwelling size, age, location, and some features, although these properties have finished basement area unlike the subject, suggesting downward adjustments to these comparables would be needed to make them more similar to the subject. These comparables have improvement assessments of \$192,918 and \$196,644 or \$53.95 and \$53.18 per square foot of living area, respectively. The subject's improvement assessment of \$174,630 or \$52.57 per square foot of living area falls below the range established by the best comparables in this record and appears to be supported given the subject's lack of finished

basement area compared to the best comparables. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
