

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Atanas Kolev
DOCKET NO.: 21-03384.001-R-1
PARCEL NO.: 15-34-201-007

The parties of record before the Property Tax Appeal Board are Atanas Kolev, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,648
IMPR.: \$42,108
TOTAL: \$68,756

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding exterior construction with 1,104 square feet of living area. The dwelling was built in 1957 with an effective year built of 1961 and a chronological age of 64 years old. Features of the home include a crawl space foundation. The property has an approximately 20,000 square foot site and is located in Deerfield, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables improved with the same assessment neighborhood code as the subject property and located within 0.42 of a mile from the subject. The comparables are improved with 1-story dwellings of wood siding exterior construction that range in size from 1,008 to 1,344 square feet of living area. The homes range in age from 61 to 66 years old. Each comparable has a concrete

slab or crawl space foundation. Three comparables each have central air conditioning. Two comparables each have a garage with 440 or 462 square feet of building area. The comparables have improvement assessments ranging from \$36,564 to \$46,317 or from \$34.46 to \$36.27 per square foot of living area. The appellant requested the subject's assessment be reduced to \$39,247 or \$35.55 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,756. The subject property has an improvement assessment of \$42,108 or \$38.14 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.35 of a mile from the subject. The comparables are improved with 1-story dwellings of brick or wood siding exterior construction that range in size from 1,083 to 1,176 square feet of living area. The homes were built from 1955 to 1961 with comparables #1 and #2 having effective years built of 1963 and 1969, respectively. One comparable has an unfinished basement and four comparable each have a crawl space foundation. Three comparables each have central air conditioning. One comparable has one fireplace. Each comparable has a garage ranging in size from 336 to 576 square feet of building area. The comparables have improvement assessments ranging from \$41,407 to \$49,294 or from \$37.51 to \$43.01 per square feet of living area. Based on this evidence the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparable #1 which differs from the subject in dwelling size. The Board gives less weight to board of review comparable #1 which has a basement, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size and most features, however, six comparables have garages, unlike the subject. The seven remaining comparables have improvement assessments ranging from \$36,564 to \$45,890 or from \$35.25 to \$39.34 per square foot of living area. The subject's improvement assessment of \$42,108 or \$38.14 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
