

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tobias Jayne
DOCKET NO.: 21-03419.001-R-1
PARCEL NO.: 15-21-401-018

The parties of record before the Property Tax Appeal Board are Tobias Jayne, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,746
IMPR.: \$148,762
TOTAL: \$191,508

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,003 square feet of living area. The dwelling was constructed in 1998 and is approximately 23 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 483 square feet of building area. The property has an 11,761 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .16 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 3,001 to 3,243 square feet of living area. The homes are 23 to 25 years old. Each dwelling has central air conditioning, a basement with two having finished area, and a garage containing either 483 or

506 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$131,320 to \$147,359 or from \$43.76 to \$45.44 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$133,258 or \$44.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$191,508. The subject property has an improvement assessment of \$148,762 or \$49.54 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on two equity comparables located within .34 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding exterior construction containing either 2,988 or 3,243 square feet of living area. The homes were built in 1996 or 1997. Each dwelling has central air conditioning, a basement with finished area, and a garage containing either 713 or 736 square feet of building area. Comparable #2 has a fireplace. The comparables have improvement assessments of \$148,540 and \$159,204 or \$49.09 and \$49.71 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #2 and #4 due to their lack of finished basement area compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #3 along with the board of review's comparables, which are similar to the subject in age, location, dwelling size, and features. These comparables had improvement assessments that ranged from \$131,320 to \$159,204 or from \$43.76 to \$49.71 per square foot of living area. The subject's improvement assessment of \$148,762 or \$49.54 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
