

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Chatkin
DOCKET NO.: 21-03458.001-R-1
PARCEL NO.: 15-22-206-001

The parties of record before the Property Tax Appeal Board are David Chatkin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,052
IMPR.: \$139,382
TOTAL: \$166,434

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story dwelling of brick exterior construction with 3,460 square feet of living area.¹ The dwelling was constructed in 1995 and is approximately 26 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace, and a garage containing 480 square feet of building area. The property has an 11,761 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .33 of a mile of the subject and within the subject's assessment neighborhood. The comparables are

¹ Although the parties describe the subject as a one-story dwelling, the property record card reports a 1,112 square foot ground floor and a 3,460 square foot above ground living area indicating that this property is a part two-story dwelling.

described as one-story dwellings of brick exterior construction ranging in size from 3,213 to 3,444 square feet of living area. The homes are 26 to 28 years old. Each dwelling has central air conditioning, a concrete slab foundation, and a garage ranging in size from 400 to 480 square feet of building area. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$106,455 to \$131,393 or from \$33.13 to \$38.15 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$123,831 or \$35.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,434. The subject property has an improvement assessment of \$139,382 or \$40.28 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .28 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick exterior construction each containing 3,502 square feet of living area. The homes were built in 1995. Each dwelling has central air conditioning, two fireplaces, a concrete slab foundation, and a garage containing 441 square feet of building area. The comparables have improvement assessments ranging from \$142,173 to \$143,044 or from \$40.60 to \$40.85 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables due to their reported one-story design when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables, which are more similar in dwelling size, age, location, and design. These comparables had improvement assessments that ranged from \$142,173 to \$143,044 or from \$40.60 to \$40.85 per square foot of living area. The subject's improvement assessment of \$139,382 or \$40.28 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
