

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sreenivasan Narayanan  
DOCKET NO.: 21-03462.001-R-1  
PARCEL NO.: 15-23-301-080

The parties of record before the Property Tax Appeal Board are Sreenivasan Narayanan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$36,491  
**IMPR.:** \$133,095  
**TOTAL:** \$169,586

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,208 square feet of living area. The dwelling was constructed in 1995. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 440 square foot garage. The property has a 5,227 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick exterior construction ranging in size

from 2,904 to 3,108 square feet of living area. The dwellings were built from 1994 to 1996. The comparables each have a concrete slab foundation, central air conditioning, one fireplace and a garage with 400 or 440 square feet of building area. The comparables have improvement assessments that range from \$83,494 to \$117,658 or from \$27.30 to \$38.62 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$169,586. The subject property has an improvement assessment of \$133,095 or \$41.49 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on two equity comparables with the same assessment neighborhood code as the subject. Each comparable is improved with a one-story<sup>2</sup> or a two-story dwelling of brick exterior construction with either 2,880 or 3,268 square feet of living area. The dwellings were built in 1995 or 1996. Each comparable has a concrete slab foundation, central air conditioning, one fireplace and a garage with either 400 or 480 square feet of building area. The comparables have improvement assessments of \$119,597 and \$135,869 or for \$41.53 and \$41.58 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six suggested equity comparables for the Board's consideration. The Board finds both parties' comparables are similar to the subject in location, dwelling size, age, style and features. These comparables have improvement assessments that range from \$83,494 to \$135,869 or from \$27.30 to \$41.58 per square foot of living area. The subject's improvement assessment of \$133,095 or \$41.49 per square foot of living area falls within the range established by the comparables in the record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

<sup>2</sup> The Board finds comparable #3 has ground floor area of 1,096 square feet and above ground floor area of 3,268 square feet.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
