

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jack Reichel  
DOCKET NO.: 21-03463.001-R-1  
PARCEL NO.: 15-24-306-029

The parties of record before the Property Tax Appeal Board are Jack Reichel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$61,877  
**IMPR.:** \$116,160  
**TOTAL:** \$178,037

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick and wood siding exterior construction with 2,640 square feet of living area. The dwelling was constructed in 1975 and is 46 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 576 square foot garage. The property has a 19,602 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of wood siding exterior construction that

range in size from 2,659 to 2,802 square feet of living area and are from 34 to 53 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a garage that ranges in size from 483 to 616 square feet of building area. The comparables have improvement assessments that range from \$107,264 to \$138,150 or from \$40.34 to \$49.95 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$200,905. The subject property has an improvement assessment of \$139,028 or \$52.66 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick or wood siding and brick exterior construction ranging in size from 2,633 to 3,068 square feet of living area. The homes were built from 1972 to 1985 with oldest comparable having an effective year built of 1974. The comparables have basements, two of which are finished with a recreation room. Each comparable has central air conditioning, one fireplace and a garage that ranges in size from 529 to 576 square feet of building area. Comparable #1 has an inground swimming pool. The comparables have improvement assessments that range from \$143,494 to \$164,893 or from \$53.75 to \$54.50 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables which are less similar in dwelling size, have finished basement area and/or have an inground swimming pool when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are overall more similar to the subject in location, age, dwelling size, and features. These comparables have improvement assessments that range from \$107,264 to \$138,150 or from \$40.34 to \$49.95 per square foot of living area. The subject's improvement assessment of \$139,028 or \$52.66 per square foot of living area falls above the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
