

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Hanley
DOCKET NO.: 21-03487.001-R-1
PARCEL NO.: 11-11-304-020

The parties of record before the Property Tax Appeal Board are Mary Hanley, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$70,533
IMPR.: \$138,041
TOTAL: \$208,574

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,393 square feet of living area. The dwelling was built in 1981 and is approximately 40 years old. The home has an effective age of 1984. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 924 square foot garage. The property has an approximately 39,900 square foot site and is located in Green Oaks, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and within 0.39 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,990 to 3,737 square feet of

living area. The dwellings range in age from 38 to 41 years old. Each comparable has an unfinished basement, central air conditioning, one to three fireplaces, and a garage that ranges in size from 506 to 1,481 square feet of building area. Comparable #4 also has a detached garage. The comparables have improvement assessments that range from \$100,593 to \$135,340 or from \$30.85 to \$36.22 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$115,107 or \$33.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$208,574. The subject property has an improvement assessment of \$138,041 or \$40.68 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.24 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,299 to 3,364 square feet of living area. The dwellings were built from 1979 to 1986 and thus would range in age from approximately 35 to 42 years old. The comparables have effective ages ranging from 1980 to 1987. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a garage that ranges in size from 543 to 1,063 square feet of building area. Comparable #5 has a cabin, but the board of review did not disclose any property characteristics for this structure. The comparables have improvement assessments that range from \$136,747 to \$153,565 or from \$40.81 to \$46.15 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which has an improvement assessment that is significantly lower than other comparables in this record. The Board gives less weight to the appellant's comparable #3 which is less similar to the subject in dwelling size than other comparables in this record. The Board gives less weight to the appellant's comparable #4 and board of review comparable #4 which feature either an additional detached garage or cabin, neither of which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall more similar to the subject in location, design, age, dwelling size, and most features. The comparables have improvement assessments that range from \$121,160 to \$153,565 or from \$34.17 to \$45.95 per square foot of living area. The subject's improvement

assessment of \$138,041 or \$40.68 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
