

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vladimir Men  
DOCKET NO.: 21-03500.001-R-1  
PARCEL NO.: 15-32-113-006

The parties of record before the Property Tax Appeal Board are Vladimir Men, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$30,660  
**IMPR.:** \$118,138  
**TOTAL:** \$148,798

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,756 square feet of living area. The dwelling was constructed in 1970 and is approximately 51 years old with a reported effective year built of 1971. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 440 square foot garage. The property has an 8,775 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are

improved with two-story dwellings of wood siding exterior construction ranging in size from 2,520 to 3,028 square feet of living area. The dwellings are 49 to 51 years old. One comparable has an unfinished basement and three comparables have crawl space foundations. Each comparable has central air conditioning, a fireplace, and a garage with 440 square feet of building area. The comparables have improvement assessments that range from \$87,259 to \$98,221 or from \$32.44 to \$35.47 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$148,798. The subject property has an improvement assessment of \$118,138 or \$42.87 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,586 to 2,955 square feet of living area. The dwellings were built from 1970 to 1973 with effective years built from 1972 to 1979. The comparables have basements, with one having finished area. Each comparable has central air conditioning, one or two fireplaces, and a garage with 440 square feet of building area. The comparables have improvement assessments that range from \$115,902 to \$129,987 or from \$43.99 to \$46.89 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #3 and #4 which lack a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 along with the board of review comparables which have basements and are relatively similar to the subject in dwelling size, design, age and other features with the exception that five of the six comparables lack finished basement area. Nevertheless, the best comparables have improvement assessments that range from \$87,259 to \$129,287 or from \$34.30 to \$46.89 per square foot of living area. The subject's improvement assessment of \$118,138 or \$42.87 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
