

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Rosenthal
DOCKET NO.: 21-03512.001-R-1
PARCEL NO.: 15-32-203-012

The parties of record before the Property Tax Appeal Board are Robert Rosenthal, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,871
IMPR.: \$105,805
TOTAL: \$136,676

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,244 square feet of living area. The dwelling was constructed in 1970 and is approximately 51 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 440 square foot garage. The property has a 9,050 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding exterior construction ranging in size from 2,136 to 2,456 square feet of living area. The dwellings are 51 years old. Each home has a basement, two of which have finished area, central air conditioning, and a 440 square foot

garage. Two homes each have a fireplace. The comparables have improvement assessments ranging from \$85,343 to \$107,973 or from \$39.95 to \$44.54 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,676. The subject property has an improvement assessment of \$105,805 or \$47.15 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding exterior construction ranging in size from 2,136 to 2,570 square feet of living area. The dwellings were built from 1970 to 1973 with four comparables having effective ages of 1973 or 1977. Each home has a basement, four of which have finished area, central air conditioning, a fireplace, and a 440 square foot garage. The comparables have improvement assessments ranging from \$103,882 to \$119,576 or from \$43.14 to \$50.62 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 and the board of review's comparable #5, which lack finished basement area that is a feature of the subject. The Board gives less weight to the board of review's comparable #3, which is less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 and the board of review's comparables #1, #2, and #4, which are similar to the subject in dwelling size, age/effective age, location, and most features. These comparables have improvement assessments that range from \$85,343 to \$119,576 or from \$39.95 to \$50.62 per square foot of living area. The subject's improvement assessment of \$105,805 or \$47.15 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
