

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gislene Lessa  
DOCKET NO.: 21-03530.001-R-1  
PARCEL NO.: 11-29-209-006

The parties of record before the Property Tax Appeal Board are Gislene Lessa, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$55,848  
**IMPR.:** \$175,880  
**TOTAL:** \$231,728

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling with brick exterior construction containing 3,423 square feet of living area. The dwelling was constructed in 2001 and is approximately 20 years old. Features of the home include a basement, central air conditioning, one fireplace, and a 707 square foot garage. The property has a 13,230 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction that range in size from 3,249 to 3,814 square feet of living area. The dwellings are 17 to 23 years old and have basements. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 660 to 982 square feet of building area. The comparables have

improvement assessments that range from \$152,459 to \$165,357 or from \$43.36 to \$46.92 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$231,728. The subject property has an improvement assessment of \$175,880 or \$51.38 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick, wood siding, or wood siding and brick exterior construction ranging in size from 3,288 to 3,516 square feet of living area. The comparables were built from 1998 to 2002. Each comparable has a basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 707 to 872 square feet of building area. Comparable #4 has an inground swimming pool. The comparables have improvement assessments ranging from \$162,906 to \$176,644 or from \$48.54 to \$51.65 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total nine equity comparables for the Board's consideration. The Board gives less weight to board of review comparable #4 which has an inground swimming pool, not a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which overall are more similar to the subject in location, age, dwelling size, and features. These comparables have improvement assessments ranging from \$152,459 to \$176,644 from \$43.36 to \$51.65 per square foot of living area. The subject's improvement assessment of \$175,880 or \$51.38 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
