

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Orestes Garcia
DOCKET NO.: 21-03727.001-R-1
PARCEL NO.: 01-24-113-014

The parties of record before the Property Tax Appeal Board are Orestes Garcia, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$80,883
IMPR.: \$144,785
TOTAL: \$225,668

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of wood siding exterior construction with 2,916 square feet of living area. The dwelling was constructed in 2016. Features of the home include an unfinished basement, central air conditioning, and a garage containing 928 square feet of building area. The property has an approximately 12,500 square foot site and is located in Antioch, Antioch Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located from 4.7 to 4.99 miles from the subject. The comparables consist of 2-story dwellings of wood siding exterior construction ranging in size from 2,355 to 3,013 square feet of living area. The homes were built in 2005 or 2006. Each dwelling has central air conditioning, a basement with one having finished area, and a garage ranging in size from 460 to 484 square feet of building area. Three comparables each

have a fireplace. The parcels range in size from 9,040 to 11,530 square feet of land area. The comparables sold from May to November 2020 for prices ranging from \$275,500 to \$354,900 or from \$96.50 to \$121.02 per square foot of living area, including land. The appellant also submitted a memorandum which argues that the subject is an outlier and states that there were no waterfront sales in the subject's neighborhood. Based on this evidence, the appellant requested a reduced assessment of \$181,746, for an estimated market value of \$545,293 or \$187.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$225,668. The subject's assessment reflects a market value of \$678,701 or \$232.75 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .19 of a mile of the subject, three of which are in the subject's assessment neighborhood. The comparables consist of 1-story or 2-story dwellings of wood siding exterior construction ranging in size from 1,552 to 2,812 square feet of living area. The dwellings were built from 2008 to 2019. Each dwelling has central air conditioning, a basement with two having finished area, and a garage ranging in size from 534 to 1,120 square feet of building area. Three comparables each have one or two fireplaces. The parcels range in size from 6,599 to 15,172 square feet of land area. The comparables sold from February 2020 to November 2021 for prices ranging from \$385,000 to \$817,000 or from \$248.07 to \$294.41 per square foot of living area, including land. The board of review also submitted aerial photographs depicting the locations of the subject and each of the appellant's comparables, aerial photographs depicting the locations of the board of review's comparables, and a memorandum stating that the subject has unobstructed views of and access to Bluff Lake,¹ which is part of Fox Chain of Lakes. The memorandum argued that the appellant's comparables lack lake views and access to the Chain of Lakes, which are features of the subject. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's

comparables, which are each located more than four miles from the subject and lack lake views and/or access. The Board also gives reduced weight to board of review comparable #4 due to differences from the subject in dwelling size, site size, location, and design.

The Board finds the best evidence of market value to be board of review comparable sales #1 through #3, which are more similar to the subject in age, dwelling size, site size, location, and some features. These most similar comparables sold for prices ranging from \$680,000 to \$817,000 or from \$248.93 to \$294.41 per square foot of living area, including land. The subject's assessment reflects a market value of \$678,701 or \$232.75 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
