

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary McClure
DOCKET NO.: 21-03764.001-R-1
PARCEL NO.: 13-13-213-012

The parties of record before the Property Tax Appeal Board are Mary McClure, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,348
IMPR.: \$121,352
TOTAL: \$153,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,676 square feet of living area. The dwelling was constructed in 1988. Features of the home include a walk-out basement with finished area, central air conditioning, two fireplaces and a 644 square foot garage. The property has an approximately 30,078 square foot site and is located in North Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located from .73 to .94 of a mile from the subject property. The comparables have sites that range in size from 32,615 to 215,621 square feet of land area. The comparables are improved with one-story dwellings of brick or frame exterior construction ranging in size from 2,275 to 3,087 square feet of living area. The dwellings were built from 1971 to 1989. The comparables each have a basement with finished

area, two of which are walk-outs. Each comparable has central air conditioning and one or two fireplaces. Two comparables each have a garage containing 576 or 626 square feet of building area. The comparables sold from February to October 2019 for prices ranging from \$417,533 to \$475,000 or from \$135.26 to \$208.79 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The appellant also indicated on the Residential Appeal petition that the subject property is an owner occupied dwelling.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$160,480. The subject's assessment reflects a market value of \$482,647 or \$180.36 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue. The board of review also disclosed that the first year of the general assessment cycle for the subject property was 2019. Additionally, the board of review reported that a township equalization factor of 1.0031 was applied in 2021.

In support of its contention of the correct assessment, the board of review submitted a grid analysis with information on three comparable sales that are located from .87 of a mile to 1.77 miles from the subject property, one of which has the same assessment neighborhood code as the subject. The comparables have sites that range in size from 41,820 to 190,850 square feet of land area. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 2,003 to 3,411 square feet of living area. The dwellings were built from 1961 to 2002. The comparables each have a basement with finished area, one of which is a walkout. Each comparable has central air conditioning, one to three fireplaces and a garage ranging in size from 864 to 1,191 square feet of building area. Comparable #1 has an unfinished attic and comparable #2 has an inground swimming pool. The comparables sold from January 2020 to May 2021 for prices ranging from \$389,500 to \$650,000 or from \$181.76 to \$225.69 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

The Property Tax Appeal Board takes judicial notice that the subject property was the subject matter of an appeal before the Board the prior year under Docket Number 20-00956.001-R-1. In that appeal, the Property Tax Appeal Board issued a decision lowering the total assessment of the subject property to \$153,225 based on the evidence submitted by the parties. Furthermore, the Board finds that the subject property for tax year 2021 is owner-occupied according to the appellant's appeal petition, and further supported by the subject's property record card presented by the board of review indicating the subject received the general homestead and senior homestead exemptions for the 2021 tax year.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds, pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) a reduction in the subject's assessment is warranted. In pertinent part, section 16-185 of the Property Tax Code provides:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Board finds that the subject property was the subject matter of an appeal before the Property Tax Appeal Board for the 2020 tax year under Docket No. 20-00956.001-R-1 in which a decision was issued based upon the evidence presented by the parties reducing the subject's total assessment to \$153,225. The record indicates that the subject property is an owner-occupied dwelling. The Board also finds that the 2020 and 2021 tax years are within the same general assessment period and an equalization factor of 1.0031 was applied in Cuba Township in 2021. Furthermore, the decision of the Property Tax Appeal Board for the 2020 tax year has not yet been reversed or modified upon review and there was no evidence the subject property subsequently sold establishing a different fair cash value. Therefore, applying section 16-185 of the Property Tax Code would result in a reduced total assessment of \$153,700, which is less than the 2021 total assessment of the subject property of \$160,480.

Additionally, notwithstanding the dictates of Section 16-185 of the Property Tax Code, the record contains six comparable sales submitted by the parties to support their respective positions. The Board has given less weight to the appellant's comparable #2, as well as board of review comparables #1, #2 and #3 due to differences from the subject in site size, dwelling size and/or age. Furthermore, board of review comparable #2 has an inground swimming pool, not a feature of the subject and board of review comparable #3 is located more than one mile away from the subject. The Board finds the appellant's comparables #1 and #3 are overall most similar to the subject in location, site size, dwelling size, design, age and some features, despite that their sales occurred more than 14 months prior to the lien date at issue. These two comparables sold in April and October 2019 for prices of \$417,533 and \$475,000 or for \$135.26 and \$208.79 per square foot of living area, including land. The subject's total assessment after reduction reflects a market value of \$462,256 or \$172.74 per square foot of living area, land included, which is bracketed by the two best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds on this record that the comparables demonstrate the subject property, once reduced as an owner-occupied property, is correctly valued for assessment purposes.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
