

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patricia Flubacker  
DOCKET NO.: 21-03787.001-R-1  
PARCEL NO.: 13-36-404-019

The parties of record before the Property Tax Appeal Board are Patricia Flubacker, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$30,210  
**IMPR.:** \$105,793  
**TOTAL:** \$136,003

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of wood siding exterior construction with 2,339 square feet of living area.<sup>1</sup> The dwelling was constructed in 1956 and has an effective age of 1966. Features of the home include a basement, central air conditioning, a fireplace and a 292 square foot garage. The property has an approximately 6,890 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .41 of mile from the subject property. The comparables have sites that range in size from 6,970 to 10,274 square feet of land area. The

<sup>1</sup> The parties differ as to the size of the subject dwelling. The Board finds the best evidence of dwelling size is found in the subject's property record card provided by the board of review, which contains a schematic diagram and dimensions of the improvements.

appellant reported the comparables are improved with 2-story dwellings of either brick or brick and frame exterior construction ranging in size from 2,014 to 2,408 square feet of living area. The dwellings were built from 1932 to 1973, with comparable #2 having an effective age of 1963. The comparables each have a basement, three of which have finished area. Each comparable has central air conditioning and a garage ranging in size from 320 to 476 square feet of building area. Three comparables each have a fireplace. The comparables sold from February to December 2020 for prices ranging from \$340,000 to \$439,000 or from \$153.02 to \$217.97 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,003. The subject's assessment reflects a market value of \$409,032 or \$174.87 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .41 of a mile from the subject property. The board of review's comparables #1 and #3 are the same properties as the appellant's comparables #4 and #3, respectively. The comparables have sites that range in size from 6,520 to 20,900 square feet of land area. The board of review reported the comparables are improved with either 1.5-story or 2-story dwellings of wood siding exterior construction ranging in size from 2,014 to 2,361 square feet of living area. The dwellings were built from 1958 to 1983, with comparables #2 and #4 having effective age of 1972 and 1986, respectively. The comparables each have a basement, three of which has finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 320 to 524 square feet of building area. The comparables sold from January 2020 to January 2021 for prices ranging from \$407,500 to \$580,000 or from \$202.13 to \$254.91 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six suggested comparable sales for the Board's consideration, with two comparables being common to both parties. The Board has given less weight to the appellant's comparables #2, #3 and #4, as well as board of review comparables #1, #3 and #4 which differ from the subject in that they have finished basement area and/or a dissimilar dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are similar to the subject in location, dwelling size, design, age and some features. These comparables sold in January and April 2021 for prices of \$340,000 and \$545,000 or for \$153.02 and \$254.91 per square foot of living area, including land. The subject's assessment reflects a market value of \$409,032 or \$174.87 per square foot of living area, including land, which is bracketed by the two best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
