

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wensheng Wu
DOCKET NO.: 21-03820.001-R-1
PARCEL NO.: 15-05-405-055

The parties of record before the Property Tax Appeal Board are Wensheng Wu, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,158
IMPR.: \$86,291
TOTAL: \$109,449

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,347 square feet of living area. The dwelling was constructed in 1979. Features of the home include a concrete slab foundation, central air conditioning, a fireplace, and a garage containing 462 square feet of building area. The property has a 6,420 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .39 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame exterior construction containing either 2,223 or 2,347 square feet of living area. The homes were built in 1977 or 1979. Each dwelling has central air conditioning, a fireplace, and a garage containing either 400 or 462 square feet of building area. The parcels

range in size from 6,500 to 8,201 square feet of land area. The comparables sold from February 2020 to March 2021 for prices ranging from \$300,000 to \$315,000 or from \$133.15 to \$141.70 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$105,604, for an estimated market value of \$316,844 or \$135.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$109,449. The subject's assessment reflects a market value of \$329,170 or \$140.25 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .47 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding exterior construction containing either 2,170 or 2,347 square feet of living area. The dwellings were built from 1977 to 1984. Each dwelling has central air conditioning, a crawl space or concrete slab foundation, and a garage containing either 420 or 462 square feet of building area. Two comparables each have a fireplace. The parcels range in size from 5,500 to 9,470 square feet of land area. The comparables sold from March to November 2021 for prices ranging from \$313,000 to \$406,000 or from \$133.36 to \$174.65 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board, which are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold for prices ranging from \$300,000 to \$406,000 or from \$133.15 to \$174.65 per square foot of living area, including land. The subject's assessment reflects a market value of \$329,170 or \$140.25 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
