

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bruce Glass
DOCKET NO.: 21-03827.001-R-1
PARCEL NO.: 16-33-408-008

The parties of record before the Property Tax Appeal Board are Bruce Glass, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,354
IMPR.: \$118,527
TOTAL: \$174,881

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story dwelling of brick exterior construction with 2,763 square feet of living area.¹ The dwelling was constructed in 1962 and has an effective age of 1969. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 441 square feet of building area. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .2 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story

¹ Although the parties describe the subject as a one-story dwelling, the property record card submitted by the board of review reports 1,188 square feet of ground floor living area and 2,763 square feet of above ground living area, indicating that the subject is a part two-story dwelling.

dwellings ranging in size from 2,296 to 2,650 square feet of living area. The homes were built from 1961 to 1964. Each dwelling has central air conditioning, an unfinished basement, and a garage ranging in size from 440 to 546 square feet of building area. Three comparables each have a fireplace. Two comparables have parcels containing either 12,001 or 12,088 square feet of land area. The comparables sold from August 2020 to April 2021 for prices ranging from \$370,000 to \$479,900 or from \$142.26 to \$209.02 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$149,187, for an estimated market value of \$447,606 or \$162.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$174,881. The subject's assessment reflects a market value of \$525,958 or \$190.36 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .76 of a mile of the subject, two of which are in the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,270 to 2,975 square feet of living area. The dwellings were built from 1963 to 1965, with comparables #2 and #3 having effective ages of 1982 and 1972, respectively. Each dwelling has central air conditioning and a garage ranging in size from 441 to 501 square feet of building area. Four comparables each have one or two fireplaces and three comparables have basements, two with finished area. Four comparables have parcels ranging in size from 12,000 to 14,510 square feet of land area. The comparables sold from May 2020 to July 2021 for prices ranging from \$560,000 to \$670,000 or from \$197.88 to \$281.50 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables due to their dissimilar one-story design when compared to the subject. Additionally, three of the appellant's comparables differ from the subject in dwelling size. The Board also gives reduced weight to board of review comparables #1, #3, and #5 which differ from the subject in dwelling size or foundation.

The Board finds the best evidence of market value to be the board of review's comparable sales #2 and #4, which are similar to the subject in design, location, dwelling size, and some features.

These most similar comparables sold for prices of \$580,000 and \$670,000 or for \$197.88 and \$225.21 per square foot of living area, including land. The subject's assessment reflects a market value of \$525,958 or \$190.36 per square foot of living area, including land, which is below the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
