

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kamila Glodzik
DOCKET NO.: 21-03835.001-R-1
PARCEL NO.: 10-25-421-027

The parties of record before the Property Tax Appeal Board are Kamila Glodzik, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,659
IMPR.: \$57,936
TOTAL: \$71,595

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,632 square feet of living area. The dwelling was constructed in 1960. Features of the home include a basement with 816 square feet of finished area, central air conditioning, and a 480 square foot garage. The property has an 8,060 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of vinyl or wood siding exterior construction ranging in size from 1,584 to 1,700 square feet of living area. The dwellings were built in 1960.

Each home has a basement, two of which have 475 or 850 square feet of finished area,¹ central air conditioning, and a garage ranging in size from 264 to 504 square feet of building area. Two homes each have a fireplace. The comparables have improvement assessments ranging from \$53,185 to \$58,788 or from \$32.59 to \$34.58 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,013. The subject property has an improvement assessment of \$61,354 or \$37.59 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. Comparables #1, #4, and #5 are the same properties as the appellant's comparables #1, #2, and #3, respectively. Comparables #2 and #3 are improved with 2-story homes of vinyl siding or wood siding and brick exterior construction with 1,564 or 1,608 square feet of living area. The dwellings were built in 1969 or 1972 and feature a basement with 547 or 563 square feet of finished area, central air conditioning, and a 462 or a 528 square foot garage. Comparable #2 has a fireplace. These two comparables have improvement assessments of \$58,388 and \$63,521 or of \$37.33 and \$39.50 per square foot of living area, respectively. Based on this evidence the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellant argued the board of review's comparable #2 differs from the subject in age.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of five comparables, with three common comparables, for the Board's consideration. The Board gives less weight to the appellant's comparable #1/board of review's comparable #1 and the board of review's comparable #2, due to substantial differences from the subject in basement finish or age.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2/board of review's comparable #4, the appellant's comparable #3/board of review's comparable #5, and the board of review's comparable #3, which are similar to the subject in

¹ The parties differ regarding the basement finish of comparables #2 and #3, which are common to both parties. The Board finds the best evidence of basement finish is found in the board of review's evidence and was not refuted by the appellant in written rebuttal.

dwelling size, age, location, and features. These comparables have improvement assessments that range from \$54,744 to \$58,788 or from \$34.56 to \$37.33 per square foot of living area. The subject's improvement assessment of \$61,354 or \$37.59 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
