

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William & Jacqueline Scarim
DOCKET NO.: 21-03838.001-R-1
PARCEL NO.: 10-13-404-004

The parties of record before the Property Tax Appeal Board are William & Jacqueline Scarim, the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,620
IMPR.: \$95,031
TOTAL: \$117,651

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 2,496 square feet of living area. The dwelling was constructed in 1995. Features of the home include a basement, central air conditioning, a fireplace, a 461 square foot garage, and an inground swimming pool.¹ The property has a 12,865 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellants contend assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellants submitted information on sixteen equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of vinyl siding exterior construction ranging in

size from 2,470 to 2,618 square feet of living area. The dwellings were built from 1992 to 1995. Each home has a basement, central air conditioning, a fireplace, and a 420 or a 441 square foot garage. The comparables have improvement assessments ranging from \$82,116 to \$87,794 or from \$31.44 to \$33.55 per square foot of living area.

Based on this evidence the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$117,651. The subject property has an improvement assessment of \$95,031 or \$38.07 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of vinyl siding exterior construction ranging in size from 2,470 to 2,550 square feet of living area. The dwellings were built from 1993 to 1997. Each home has a basement, three of which have finished area, central air conditioning, a fireplace, and a garage ranging in size from 420 to 611 square feet of building area. Comparable #1 has an inground swimming pool. The comparables have improvement assessments ranging from \$92,984 to \$99,865 or from \$36.46 to \$40.43 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellants argued the board of review's comparables differ from the subject in basement finish or garage size.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of 21 equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables #1, #2, and #5, which have finished basement area unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparables #3 and #4, which are similar to the subject in dwelling size, age, location, and features, although none of the comparables has an inground swimming pool like the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range

from \$82,116 to \$96,582 or from \$31.44 to \$38.11 per square foot of living area. The subject's improvement assessment of \$95,031 or \$38.07 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, including the subject's inground swimming pool amenity not present in the comparables, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
