

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Janice Zigmond
DOCKET NO.: 21-03861.001-R-1
PARCEL NO.: 15-33-104-040

The parties of record before the Property Tax Appeal Board are Janice Zigmond, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,115
IMPR.: \$81,840
TOTAL: \$107,955

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,580 square feet of living area. The dwelling was constructed in 1982. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 399 square foot garage. The property has a 6,615 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.35 of a mile from the subject. The parcels range in size from 7,352 to 8,681 square feet of land area and are improved with 2-story homes of frame exterior construction ranging in size from 1,636 to 1,886 square feet of living area. The dwellings were built from 1984 to 1986. The appellant reported that comparable #3 was recently rehabbed. Each home has a basement, one of which has finished

area, central air conditioning, a fireplace, and a garage ranging in size from 400 to 460 square feet of building area. The comparables sold from November 2020 to April 2021 for prices ranging from \$342,500 to \$355,000 or from \$184.52 to \$216.99 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment to \$102,690 which would reflect a market value of \$308,101 or \$195.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$107,955. The subject's assessment reflects a market value of \$324,677 or \$205.49 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.59 of a mile from the subject. The parcels range in size from 6,830 to 11,170 square feet of land area and are improved with 2-story or multi-level homes of wood siding exterior construction ranging in size from 1,813 to 2,205 square feet of living area. The dwellings were built from 1979 to 1986. Two homes each have a basement, one of which has finished area, and two homes each have a concrete slab foundation. One home also has a lower level. Each comparable has central air conditioning and a garage ranging in size from 400 to 480 square feet of building area. Two homes each have a fireplace. The comparables sold from September 2020 to August 2021 for prices ranging from \$405,000 to \$477,000 or from \$215.69 to \$230.39 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable sales for the Board's consideration. The Board gives less weight to the board of review's comparables #2 through #5, due to substantial differences from the subject in foundation type, design, and/or dwelling size. The Board gives less weight to the board of review's comparable #1 and the appellant's comparable #1 which are less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #3, which are more similar to the subject in dwelling size, age, location, and features, although one of these comparables lacks finished basement area that is a feature of the subject, suggesting an upward adjustment to these comparables would be needed to make it more equivalent to the subject. These two best comparables comparables sold in November 2020 and April 2021 for prices of \$342,500 and \$355,000 or for \$191.55 and \$216.99 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$324,677 or

\$205.49 per square foot of living area, including land, which is below the best comparable sales in terms of total market value and is bracketed by the best comparables on a price per square foot basis, which is logical given the subject is a smaller home than the best comparables. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
