

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Peterson
DOCKET NO.: 21-03940.001-R-1
PARCEL NO.: 15-24-307-001

The parties of record before the Property Tax Appeal Board are Jeff Peterson, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,428
IMPR.: \$166,622
TOTAL: \$223,050

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,094 square feet of living area. The dwelling was constructed in 1972 and has an effective age of 1973. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 726 square feet of building area. The property has a 20,473 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .37 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 1.5-story or 2-story dwellings of frame or brick and frame exterior construction ranging in size from 2,730 to 3,025 square feet of living area. The homes were built in 1972 or 1985, with comparable #1 having an effective age of 1973. Each dwelling has central air conditioning, a fireplace, a

basement with finished area, a garage ranging in size from 462 to 864 square feet of building area, and a 20,038 square foot parcel. The comparables sold from March 2020 to May 2021 for prices ranging from \$485,000 to \$654,000 or from \$171.99 to \$216.20 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$208,309, for an estimated market value of \$624,989 or \$202.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,050. The subject's assessment reflects a market value of \$670,827 or \$216.82 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .22 of a mile of the subject, four of which are in the subject's assessment neighborhood. Comparable #1 is the same property as appellant comparable #3.¹ The comparables consist of 1.5-story or 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,810 to 3,418 square feet of living area. The dwellings were built from 1972 to 1987, with comparable #3 having an effective age of 1975. Each dwelling has central air conditioning, a fireplace, a basement with three having finished area, and a garage ranging in size from 529 to 1,236 square feet of building area. Comparable #2 has an inground swimming pool. The parcels range in size from 20,040 to 30,490 square feet of land area. The comparables sold from December 2020 to August 2021 for prices ranging from \$625,000 to \$800,000 or from \$212.01 to \$261.57 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparable #4, along with board of review comparables #2 and #4, due to their newer dwellings in relation to the subject. Additionally, board of review comparable #2 has an inground swimming pool, a feature the subject lacks.

The Board finds the best evidence of market value to be appellant's comparable sales #1 through #3 along with board of review comparable sales #1, #3, and #5, including the parties' common

comparable and which are similar to the subject in age, location, dwelling size, and some features. These most similar comparables sold for prices ranging from \$485,000 to \$800,000 or from \$171.99 to \$234.06 per square foot of living area, including land. Excluding the high and low sales from the analysis results in a tighter range of sale prices from \$500,000 to \$750,000 or from \$183.15 to \$232.20 per square foot of living area, including land. The subject's assessment reflects a market value of \$670,827 or \$216.82 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
