

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jessica Xu  
DOCKET NO.: 21-03945.001-R-1  
PARCEL NO.: 15-24-309-010

The parties of record before the Property Tax Appeal Board are Jessica Xu, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$59,398  
**IMPR.:** \$201,109  
**TOTAL:** \$260,507

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 4,465 square feet of living area. The dwelling was constructed in 1987. Features of the home include an unfinished basement, central air conditioning, a fireplace, a garage containing 738 square feet of building area, and an inground swimming pool. The property has a 20,473 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 1.09 miles of the subject, one of which is in the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame or brick exterior construction ranging in size from 3,745 to 4,803 square feet of living area. The homes were built from 1959 to 1993, with effective ages ranging

from 1980 to 1995. Each dwelling has central air conditioning, one or two fireplaces, a basement with finished area, and a garage ranging in size from 529 to 820 square feet of building area. The parcels range in size from 19,602 to 26,136 square feet of land area. The comparables sold from December 2020 to March 2021 for prices ranging from \$596,000 to \$870,000 or from \$141.10 to \$232.31 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$230,669, for an estimated market value of \$692,076 or \$155.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$260,507. The subject's assessment reflects a market value of \$783,480 or \$175.47 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 1.36 miles of the subject. Comparable #3 is the same property as appellant comparable #2. The comparables consist of two-story dwellings of wood siding, brick, or wood siding and brick exterior construction ranging in size from 3,778 to 5,140 square feet of living area. The dwellings were built from 1985 to 1993, with comparables #1 through #3 having effective ages of 1989, 1994, and 1995, respectively. Each dwelling has central air conditioning, one to three fireplaces, a basement with four having finished area, and a garage ranging in size from 575 to 1,806 square feet of building area. The parcels range in size from 20,040 to 41,820 square feet of land area. The comparables sold from March to December 2021 for prices ranging from \$700,000 to \$1,175,000 or from \$165.52 to \$228.60 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board finds the parties' comparables are not truly similar to the subject due to differences in location, dwelling size, site size, age, and/or features. Nevertheless, the Board gives less weight to the appellant's comparable #3 due to its smaller dwelling in relation to the subject and its location more than one mile from the subject. The Board also gives reduced weight to board of review comparables #2, #4, and #5 due to differences from the subject in dwelling size, site size, and/or location.

The Board finds the best evidence of market value to be appellant's comparable sales #1 and #2 along with board of review comparable sales #1 and #3, which are similar to the subject in age, dwelling size, site size, location, and some features. These most similar comparables sold for prices ranging from \$596,000 to \$935,000 or from \$141.10 to \$197.42 per square foot of living area, including land. The subject's assessment reflects a market value of \$783,480 or \$175.47 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
