

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sherwin Rubinstein
DOCKET NO.: 21-03950.001-R-1
PARCEL NO.: 15-25-301-018

The parties of record before the Property Tax Appeal Board are Sherwin Rubinstein, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$98,887
IMPR.: \$142,784
TOTAL: \$241,671

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 3,537 square feet of living area. The dwelling was constructed in 1970. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a garage containing 884 square feet of building area. The property has a 80,586 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .82 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of frame or brick and frame exterior construction ranging in size from 3,000 to 3,804 square feet of living area. The homes were built in 1965 or 1978, with the oldest home having an effective age of 1975. Each dwelling has central air conditioning, one or two fireplaces, a

basement with two having finished area, and a garage ranging in size from 544 to 660 square feet of building area. The parcels range in size from 42,253 to 88,662 square feet of land area. The comparables sold from October 2019 to November 2020 for prices ranging from \$558,000 to \$760,000 or from \$177.03 to \$199.79 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$241,671, for an estimated market value of \$725,086 or \$205.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$248,273. The subject's assessment reflects a market value of \$746,686 or \$211.11 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .58 of a mile of the subject. The comparables consist of two-story dwellings of wood siding, brick, or wood siding and brick exterior construction ranging in size from 2,720 to 3,402 square feet of living area. The dwellings were built from 1971 to 1987. Each dwelling has central air conditioning, one or two fireplaces, a basement with two having finished area, and an attached garage ranging in size from 483 to 1,080 square feet of building area. Comparable #1 has an inground swimming pool and comparable #3 has an additional 528 square foot detached garage. The parcels range in size from 43,560 to 101,930 square feet of land area. The comparables sold from May 2020 to December 2021 for prices ranging from \$555,000 to \$725,000 or from \$184.75 to \$234.43 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are not truly similar to the subject due to differences in dwelling size, site size, design, age, and/or features. Nevertheless, the Board gives less weight to the appellant's comparables #2 and #3 due to their less proximate sale dates for valuation as of January 1, 2021. The Board also gives reduced weight to board of review comparables #1 and #3 due to differences in age or inground swimming pool amenity when compared to the subject.

The Board finds the best evidence of market value to be board of review comparable sales #1, #4, and #5, which are similar to the subject in age, dwelling size, and some features. These most similar comparables sold from May 2020 to November 2021 for prices ranging from \$555,000 to

\$620,000 or from \$177.03 and \$227.94 per square foot of living area, including land. The subject's assessment reflects a market value of \$746,686 or \$211.11 per square foot of living area, including land, which is within the range established by the best comparable sales in this record on a per-square-foot basis and above the range overall. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
