

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Steven Marquardt DOCKET NO.: 21-03974.001-R-1 PARCEL NO.: 11-17-107-031

The parties of record before the Property Tax Appeal Board are Steven Marquardt, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$104,511 **IMPR.:** \$214,933 **TOTAL:** \$319,444

Subject only to the State multiplier as applicable.

# **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

# **Findings of Fact**

The subject property consists of a two-story dwelling of frame and brick exterior construction with 4,141 square feet of living area.<sup>1</sup> The dwelling was constructed in 1983. Features of the home include an unfinished basement, central air conditioning, a fireplace, an inground swimming pool, and a garage containing 864 square feet of building area. The property has a 41,382 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .16 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick or brick and frame exterior construction ranging in size from 3,641 to 3,796

<sup>&</sup>lt;sup>1</sup> The parties differ as to the subject's dwelling size. The Board finds the property record card submitted by the board of review to be the best evidence of dwelling size in the record.

square feet of living area. The homes were built in 1981 or 1984, with comparables #2 and #3 having effective ages of 1993 and 1987, respectively. Each dwelling has central air conditioning, two fireplaces, a basement with one having finished area, and a garage ranging in size from 506 to 616 square feet of building area. Two comparables each have an inground swimming pool. The parcels range in size from 19,730 to 24,062 square feet of land area. The comparables sold from September 2019 to September 2020 for prices ranging from \$570,000 to \$790,000 or from \$150.16 to \$215.49 per square foot of living area, including land. The appellant also submitted a Multiple Listing Service sheet for comparable #3 noting that it was recently renovated. Based on this evidence, the appellant requested a reduced assessment of \$307,061, for an estimated market value of \$921,275 or \$222.48 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$319,444. The subject's assessment reflects a market value of \$960,734 or \$232.01 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales located within .43 of a mile of the subject, one of which is in the subject's assessment neighborhood. The comparables consist of two-story or part one-story and part two-story<sup>2</sup> dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 4,545 to 5,296 square feet of living area. The dwellings were built from 1983 to 2011, with four comparables having effective ages ranging from 2002 to 2011. Each dwelling has central air conditioning, one to four fireplaces, an unfinished basement, and a garage ranging in size from 689 to 1,034 square feet of building area. Comparable #1 has an inground swimming pool. The parcels range in size from 16,393 to 32,030 square feet of land area. The comparables sold from March 2019 to August 2021 for prices ranging from \$1,014,000 to \$1,450,000 or from \$219.29 to \$273.79 per square foot of living area, including land. The board of review also submitted a map depicting the location of the comparables in relation to the subject and noted that the subject has a larger site than the comparables and is located on a cul-de-sac. Based on this evidence, the board of review requested confirmation of the subject's assessment.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

<sup>&</sup>lt;sup>2</sup> Although the board of review's grid describes comparable #5 as a one-story dwelling, the grid reports a 1,150 square foot ground floor and 4,947 square feet of above ground living area, indicating that this property is a part two-story dwelling.

The parties submitted a total of nine comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparable #1, which appears to be an outlier given its much lower sale price compared to the other sales in the record. The Board also gives reduced weight to appellant comparable #3, which sold less proximate to the January 1, 2021 valuation date at issue in this appeal. The Board gives diminished weight to board of review comparables #2 through #5, which differ from the subject in age and/or dwelling size.

The Board finds the best evidence of market value to be appellant's comparable sale #2 and board of review comparable sales #1 and #6, which are similar to the subject in age, location, dwelling size, and some features, noting that an upward adjustment would be necessary to make board of review comparable #6 more equivalent to the subject due to its lack of an inground swimming pool. These most similar comparables sold for prices ranging from \$730,000 to \$1,030,000 or from \$200.49 to \$222.37 per square foot of living area, including land. The subject's assessment reflects a market value of \$960,734 or \$232.01 per square foot of living area, including land, which is within the range established by the best comparable sales in this record overall. Although the subject's estimated market value is above the range on a per-square-foot basis, the Board finds it logical given the subject's larger site. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
