

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Douglas Ringhofer
DOCKET NO.: 21-04020.001-R-1
PARCEL NO.: 11-32-104-023

The parties of record before the Property Tax Appeal Board are Douglas Ringhofer, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,518
IMPR.: \$122,578
TOTAL: \$179,096

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,791 square feet of living area. The dwelling was constructed in 1999. Features of the home include a walk-out basement, central air conditioning, a fireplace and a 592 square foot garage. The property has an approximately 12,108 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located within .13 of a mile from the subject property. The comparables have sites that range in size from 13,932 to 15,224 square feet of land area and are improved with two-story dwellings of frame, brick or brick and frame exterior construction ranging in size from 3,273 to 3,306 square feet of living area. The dwellings were built in 2001

or 2004. The comparables each have a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 615 to 817 square feet of building area. The comparables sold from August 2019 to February 2021 for prices ranging from \$535,000 to \$645,000 or from \$161.83 to \$197.07 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$167,443, which would reflect a market value of \$502,379 or \$180.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,096. The subject's assessment reflects a market value of \$538,635 or \$192.99 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .13 of a mile from the subject property. The board of review's comparable #1 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 12,510 to 15,220 square feet of land area. The comparables are improved with two-story dwellings of wood siding, brick or brick and wood siding exterior construction ranging in size from 3,273 to 3,661 square feet of living area. The dwellings were built from 2000 to 2004. The comparables each have a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 615 to 745 square feet of building area. The comparables sold from February to December 2021 for prices ranging from \$625,000 to \$730,000 or from \$178.37 to \$199.40 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six comparable sales for the Board's consideration, as one sale was common to both parties. The Board has given less weight to appellant's comparable #1 due to its sale date occurring in 2019, less proximate in time to the lien date at issue than the other sales in the record. The Board has given reduced weight to board of review comparables #3 and #4 due to their dwelling sizes being approximately 26% and 31% larger than the subject dwelling, respectively.

The Board finds the best evidence of market value to be the parties' remaining comparables, which includes the common comparable. The Board finds these three comparables sold more proximate in time to the assessment date at issue and are relatively similar to the subject in location, dwelling size, design, age and some features. The comparables sold from August 2020

to October 2021 for prices ranging from \$560,000 to \$645,000 or from \$170.26 to \$197.07 per square foot of living area, including land. The subject's assessment reflects a market value of \$538,635 or \$192.99 per square foot of living area, including land, which falls below the range established by the best comparable sales in the record in terms of overall market value but within the range on a price per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
