

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John & Dawn Krippinger  
DOCKET NO.: 21-04027.001-R-1  
PARCEL NO.: 11-32-209-005

The parties of record before the Property Tax Appeal Board are John & Dawn Krippinger, the appellants, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$49,939  
**IMPR.:** \$158,135  
**TOTAL:** \$208,074

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and frame exterior construction with 4,053 square feet of living area. The dwelling was constructed in 1999. Features of the home include a basement, central air conditioning, a fireplace and a 684 square foot garage. The property has a 12,070 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument, the appellants submitted information on three comparable sales that are located within .27 of a mile from the subject property.<sup>1</sup> The comparables have sites that range in size from 14,108 to 20,363 square feet of land area and are improved with two-story dwellings of brick and frame exterior

construction ranging in size from 3,657 to 4,198 square feet of living area. The dwellings were each built in 1997. The comparables each have a basement, central air conditioning, one or two fireplaces and a garage containing either 599 or 690 square feet of building area. The comparables sold in August 2020 or April 2021 for prices ranging from \$518,000 to \$690,000 or from \$141.65 to \$166.51 per square foot of living area, including land. Based on this evidence, the appellants requested the subject's assessment be reduced to \$197,226, which would reflect a market value of \$591,737 or \$146.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$208,074. The subject's assessment reflects a market value of \$625,786 or \$154.40 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that are located within .42 of a mile from the subject property. The board of review's comparable #3 is the same property as the appellants' comparable #3. The comparables have sites that range in size from 10,333 to 20,363 square feet of land area and are improved with two-story dwellings of brick and frame exterior construction ranging in size from 3,610 to 4,571 square feet of living area. The dwellings were built from 1997 to 2000. The comparables each have a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 599 to 649 square feet of building area. The comparables sold from September 2020 to April 2021 for prices ranging from \$610,000 to \$742,000 or from \$162.33 to \$174.52 per square foot of living area, including land. Based on this evidence, the board of review contended that the "subject is supported and in-line with area sales."

### **Conclusion of Law**

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable sales for the Board's consideration, as one sale was common to both parties. The Board finds all the comparables are relatively similar to the subject in location, dwelling size, design, age and some features. The comparables sold from August 2020 to April 2021 for prices ranging from \$518,000 to \$742,000 or from \$141.65 to \$174.52 per square foot of living area, including land. The subject's assessment reflects a market value of \$625,786 or \$154.40 per square foot of living area, including land, which falls within the range established by the comparable sales in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
