

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Suritz
DOCKET NO.: 21-04029.001-R-1
PARCEL NO.: 11-33-402-032

The parties of record before the Property Tax Appeal Board are Charles Suritz, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,995
IMPR.: \$75,261
TOTAL: \$108,256

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,240 square feet of living area.¹ The dwelling was constructed in 1999. Features of the home include central air conditioning, a fireplace and a 450 square foot garage. The property is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and three of which are located approximately .04 of a mile from the subject property. The comparables are improved with one-story dwellings of frame exterior construction containing either 2,240 or 2,448 square feet of living area. The dwellings

were built in 1999 or 2000. Each comparable has central air conditioning and either a 400 or 450 square foot garage. Four comparables each have a fireplace. The comparables sold from May 2020 to February 2021 for prices ranging from \$285,000 to \$328,000 or from \$116.42 to \$142.41 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$102,283, which would reflect a market value of \$306,880 or \$137.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The appellant submitted a copy of the 2021 final decision issued by the Lake County Board of Review disclosing the total assessment for the subject of \$108,256. The subject's assessment reflects a market value of \$325,582 or \$145.35 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

The board of review submitted its "Board of Review Notes on Appeal" for a different parcel than the subject. However, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .15 of a mile from the subject property. The board of review's comparable #3 is the same property as the appellant's comparable #3. The comparables are improved with one-story dwellings of wood siding exterior construction ranging in size from 2,240 to 2,448 square feet of living area. The dwellings were built each built in 2000. Each comparable has central air conditioning and either a 400 or 450 square foot garage. Four comparables each have a fireplace. The comparables sold from November 2020 to July 2021 for prices ranging from \$328,000 to \$350,000 or from \$133.99 to \$149.55 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparable sales for the Board's consideration, as one sale is common to both parties. The Board finds all the comparables are similar to the subject in location and similar, if not identical to the subject in dwelling size, design, age and some features. The comparables sold from May 2020 to July 2021 for prices ranging from \$285,000 to \$350,000 or from \$116.42 to \$149.55 per square foot of living area, including land. The subject's assessment reflects a market value of \$325,582 or \$145.35 per square foot of living area, including land, which falls within the range established by the comparable sales in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
