

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rocco Campanella
DOCKET NO.: 21-04066.001-R-1
PARCEL NO.: 04-05-304-006

The parties of record before the Property Tax Appeal Board are Rocco Campanella, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,431
IMPR.: \$96,797
TOTAL: \$110,228

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,156 square feet of living area.¹ The dwelling was constructed in 2007. Features of the home include a 2,080 square foot basement, central air conditioning, 3.5 bathrooms, a fireplace and a 762 square foot garage. The property has a 43,560 square foot site and is located in Winthrop Harbor, Benton Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located within approximately .41 of a mile from the subject property. The comparables have sites that range in size from 12,750 to 40,946 square

¹ The Board finds the only description of the subject dwelling's exterior construction was provided by the board of review, which was not refuted by the appellant.

feet of land area and are improved with two-story dwellings ranging in size from 2,658 to 3,048 square feet of living area. The dwellings were built from 1991 to 2007. Each comparable has a basement ranging in size from 1,151 to 1,524 square feet, central air conditioning, 2.5 bathrooms, a fireplace and a garage ranging in size from 484 to 715 square feet of building area. The comparables sold from January to September 2020 for prices ranging from \$184,900 to \$277,500 or from \$69.56 to \$99.64 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$90,463, which would reflect a market value of \$271,416 or \$86.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$110,228. The subject's assessment reflects a market value of \$331,513 or \$105.04 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located within approximately .83 of a mile from the subject property and two comparables have the same assessment neighborhood code as the subject. The board of review's comparable #5 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 12,790 to 17,840 square feet of land area and are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,518 to 4,182 square feet of living area. The dwellings were built in 2005 or 2006. Each comparable has a basement ranging in size from 1,072 to 2,135 square feet, central air conditioning, 2.5 or 3.5 bathrooms, a fireplace and a garage ranging in size from 715 to 870 square feet of building area. The comparables sold from June 2020 to September 2021 for prices ranging from \$277,500 to \$366,500 or from \$87.64 to \$126.25 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable sales for the Board's consideration, as one sale was common to both parties. The Board has given reduced weight to the appellant's comparables #1 and #2, as well as board of review comparables #1, #3 and #4 due to differences from the subject in dwelling size or age.

The Board finds the best evidence of market value to be the appellant's comparable #3/board of review comparable #5 and board of review comparable #2. The Board finds these two comparables are overall more similar to the subject in location, dwelling size, design, age and

some features. However, the Board finds both comparables have substantially smaller site sizes, smaller basement sizes and a fewer number of bathrooms, when compared to the subject, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, the comparables sold in June 2020 and September 2021 for prices of \$277,500 and \$350,000 or for \$99.64 and \$101.42 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$331,513 or \$105.04 per square foot of living area, including land, which is bracketed by the two best comparable sales in the record in terms of overall market value but above the comparables on a price per square foot basis, which appears to be justified given its larger site size and superior features. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
