

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Diane Kovacek  
DOCKET NO.: 21-04134.001-R-1  
PARCEL NO.: 06-23-407-025

The parties of record before the Property Tax Appeal Board are Diane Kovacek, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,179  
**IMPR.:** \$47,081  
**TOTAL:** \$55,260

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story townhouse of vinyl siding exterior construction with 1,416 square feet of living area. The dwelling was constructed in 2000. Features of the home include a basement with finished area, central air conditioning, and a 400 square foot garage. The property has a 1,742 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .11 of a mile from the subject and have the same assessment neighborhood code as the subject. These comparables have sites with 1,742 square feet of land area that are improved with 2-story dwellings ranging in size from 1,236 to 1,468 square feet of living area. The dwellings were built from 1999 to 2002 and have basements, one with finished area. Each comparable has central air conditioning. The appellant reported comparable #1 is a recent rehab in 2017. The comparables sold in May to

September 2020 for prices ranging from \$139,000 to \$167,000 or from \$107.11 to \$113.76 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,260. The subject's assessment reflects a market value of \$166,195 or \$117.37 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .12 of a mile from the subject and have the same assessment neighborhood code as the subject. The comparables are reported to have sites with 1,310 or 1,740 square feet of land area and are improved with 2-story townhouses of vinyl siding exterior construction with either 1,404 or 1,416 square feet of living area. The dwellings were built from 1999 to 2001 and have basements with finished area. The comparables have central air conditioning and garages with 400 square feet of building area. The comparables sold from March to September 2021 for prices ranging from \$171,000 to \$200,000 or from \$120.76 to \$142.45 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables due to differences in dwelling size and/or lack of finished basement area when compared to the subject.

The Board finds the best evidence of market value to be the board of review comparables which are most similar to the subject in dwelling size and have finished basement area. These comparables are also similar in location, age, and features. These comparables sold from March to September 2021 for prices ranging from \$171,000 to \$200,000 or from \$120.76 to \$142.45 per square foot of living area, including land. The subject's assessment reflects a market value of \$166,195 or \$117.37 per square foot of living area, including land, which falls below the range established by the best comparable sales in the record. Based on this record, the Board finds the subject's estimated market value as reflected by its assessment is well supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
