

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Berry
DOCKET NO.: 21-04173.001-R-1
PARCEL NO.: 06-29-224-007

The parties of record before the Property Tax Appeal Board are Julie Berry, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,598
IMPR.: \$63,543
TOTAL: \$73,141

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 1,996 square feet of living area. The dwelling was constructed in 1993. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 400 square foot garage. The property has an approximately 7,840 square foot site and is located in Round Lake Park, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.25 of a mile from the subject property. The comparables have sites that range in size from 8,451 to 16,775 square feet of land area and are improved with two-story dwellings ranging in size from 1,920 to 2,324 square feet of living area. The dwellings were built from 1991 to 1994. Each comparable has a basement with one having finished area. The appellant also submitted a Multiple Listing Service

(MLS) sheet on its comparable #2 which disclosed the property was updated in 2018 and has a finished basement. Each dwelling has central air conditioning and a 400 or a 462 square foot garage. One home has a fireplace. The properties sold from June 2019 to December 2020 for prices ranging from \$163,000 to \$225,000 or from \$84.90 to \$108.47 per square foot of living area, land included.

Based on this evidence, the appellant requested the subject's total assessment be reduced to \$65,196 which reflects a market value of \$195,608 or \$98.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,141. The subject's assessment reflects a market value of \$219,973 or \$110.21 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.26 of a mile from the subject property. Board of review comparable #5 is the same property as the appellant's comparable #4. The comparables have sites that range in size from 6,890 to 10,190 square feet of land area and are improved with one-story¹ or two-story dwellings of vinyl siding exterior construction ranging in size from 1,730 to 1,996 square feet of living area. The homes were built from 1991 to 1994. Three comparables each have an unfinished basement and two comparables each have a crawl space foundation. Each dwelling has a garage ranging in size from 360 to 640 square feet of building area. Three homes have central air conditioning and two homes each have one fireplace. The properties sold from August 2019 to December 2021 for prices ranging from \$216,500 to \$260,000 or from \$108.72 to \$147.40 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparable sales for the Board's consideration, as one property was common to both parties. The Board gives less weight to appellant comparables #2 and #4 along with board of review comparables #2, #4 and #5, which includes the common property, which differ from the subject in foundation type, basement finish and/or sold in 2019, less proximate in time to the January 1, 2021 assessment date.

¹ Board of review comparable #3 has ground floor area of 484 square feet with above ground area of 1,730 square feet, suggesting this dwelling is part two-story.

The Board finds the best evidence of market value to be appellant comparables #1 and #3 as well as board of review comparables #1 and #3 which sold proximate in time to the assessment date at issue and are more similar to the subject in location, age, design, dwelling size and other features. These best comparables sold from January 2020 to December 2021 for prices ranging from \$163,000 to \$260,000 or from \$84.90 to \$147.40 per square foot of living area, including land. The subject's assessment reflects a market value of \$219,973 or \$110.21 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
