

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Mikal  
DOCKET NO.: 21-04185.001-R-1  
PARCEL NO.: 06-36-105-115

The parties of record before the Property Tax Appeal Board are David Mikal, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,534  
**IMPR.:** \$71,707  
**TOTAL:** \$85,241

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 2,130 square feet of living area. The dwelling was constructed in 1997. Features of the home include partial basement that is unfinished, central air conditioning, one fireplace and a 402 square foot garage. The property has an approximately 7,530 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.18 of a mile from the subject property. The comparables have sites that range in size from 7,601 to 10,759 square feet of land area and are improved with 2-story dwellings with either 2,004 or 2,411 square feet of living area. The dwellings were built in 1997 or 1998. Each comparable has a basement, with

one having finished area.<sup>1</sup> Each dwelling has central air conditioning and a garage ranging in size from 392 to 610 square feet of building area. Three homes each have one fireplace. The properties sold from March 2019 to July 2020 for prices ranging from \$235,000 to \$315,000 or from \$117.27 to \$157.19 per square foot of living area, land included. The appellant submitted a copy of the Multiple Listing Service (MLS) sheet for its comparable #4, which disclosed the property had been "Rehabbed in 2018." Based on this evidence, the appellant requested the subject's total assessment be reduced to \$83,772 which reflects a market value of \$251,341 or \$118.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$85,241. The subject's assessment reflects a market value of \$256,364 or \$120.36 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.14 of a mile from the subject property. Board of review comparables #2 and #3 are the same properties as the appellant's comparables #4 and #2, respectively, and where board of review comparable #2 reflects a 2021 sale. The comparables have sites that range in size from 8,300 to 9,970 square feet of land area and are improved with 2-story dwellings of vinyl siding exterior construction with either 2,004 or 2,411 square feet of living area. The homes were built 1997 or 1998. Each comparable has a full basement, with one having finished area.<sup>2</sup> Each dwelling has central air conditioning and a garage with 392 or 610 square feet of building area. Two homes each have one fireplace. The properties sold from July 2020 to October 2021 for prices ranging from \$287,000 to \$375,100 or from \$119.04 to \$187.18 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparable sales for the Board's consideration, as two properties were common to both parties and one of the common properties sold twice. The Board gives less weight to appellant comparables #1 and #3 which sold in 2019, less proximate in time to the January 1, 2021 assessment date at issue than other properties in the record. The Board gives

<sup>1</sup> The Board finds the best description of comparable #4's basement amenity was found in its Multiple Listing Service sheet which disclosed the property has a finished basement.

<sup>2</sup> Board of review comparable #2 is the same property as the appellant's comparable #4 which was found to have a finished basement.

less weight to appellant comparable #4/board of review comparable #2 which has finished basement area unlike the subject property.

The Board finds the best evidence of market value to be appellant comparable #2 along with board of review comparables #1 and #3, which includes one of the common properties. These two best comparables are more similar to the subject in location, age, design, dwelling size and other features. These comparables sold in July 2020 and July 2021 for prices of \$287,000 and \$375,100 or for \$119.04 and \$187.18 per square foot of living area, including land. The subject's assessment reflects a market value of \$256,364 or \$120.36 per square foot of living area, including land, which falls below the two best comparable sales in this record on an overall market value basis and is bracketed by the two best comparables on a per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
