

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gerardo Chavelas
DOCKET NO.: 21-04254.001-R-1
PARCEL NO.: 08-21-206-057

The parties of record before the Property Tax Appeal Board are Gerardo Chavelas, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,640
IMPR.: \$55,687
TOTAL: \$68,327

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,594 square feet of living area. The dwelling was constructed in 1901. Features of the home include an unfinished basement and a garage containing 900 square feet of building area. The property has an approximately 12,770 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .26 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 2,080 to 2,592 square feet of living area. The homes were built from 1901 to 1910. Each dwelling has a basement with two having

finished area,¹ and two comparables each have a garage with either 360 or 400 square feet of building area. Comparable #2 has two units.² The parcels range in size from 4,404 to 5,323 square feet of land area. The comparables sold from May to December 2020 for prices ranging from \$70,000 to \$225,000 or from \$32.05 to \$108.17 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$57,927, for an estimated market value of \$173,798 or \$67.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,327. The subject's assessment reflects a market value of \$205,495 or \$79.22 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .43 of a mile of the subject and within the subject's assessment neighborhood. Comparable #5 is the same property as appellant comparable #3. The comparables consist of two-story dwellings of brick, wood siding, or aluminum siding exterior construction ranging in size from 2,212 to 2,451 square feet of living area. The dwellings were built from 1846 to 1906, with four comparables having effective ages ranging from 1927 to 1970. Each dwelling has an unfinished basement, two comparables each have a fireplace, and four comparables each have a garage ranging in size from 378 to 768 square feet of building area. The board of review disclosed that the shared comparable has a finished attic. The parcels range in size from 5,320 to 13,440 square feet of land area. The comparables sold from July 2020 to November 2021 for prices ranging from \$209,900 to \$275,000 or from \$94.89 to \$112.20 per square foot of living area, including land. The board of review also submitted an MLS sheet for appellant comparable #1, noting that the home was sold "as-is." Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparables #2 and #3/board of review comparable #5, which differ from the subject in basement finish, attic finish, and/or design. The Board gives diminished weight to appellant comparable #1, which appears to be an outlier due to its much

¹ The appellant submitted a Multiple Listing Service (MLS) sheet for comparable #3, and the board of review submitted an MLS sheet for appellant comparable #2, which note these comparable have finished basement area.

² The MLS sheet submitted by the board of review revealed this comparable is a two-unit rental property.

lower sale price in relation to the other comparables in the record. The Board also gives reduced weight to board of review comparable #3, which lacks a garage in contrast to the subject.

The Board finds the best evidence of market value to be board of review comparable sales #1, #2, and #4, which are similar to the subject in location, dwelling size, and features. These most similar comparables sold for prices ranging from \$209,900 to \$275,000 or from \$94.89 to \$112.20 per square foot of living area, including land. The subject's assessment reflects a market value of \$205,495 or \$79.22 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
