

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lindsay Persson
DOCKET NO.: 21-04261.001-R-1
PARCEL NO.: 09-02-305-015

The parties of record before the Property Tax Appeal Board are Lindsay Persson, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,998
IMPR.: \$67,556
TOTAL: \$81,554

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 2,854 square feet of living area. The dwelling was constructed in 2009. Features of the home include a concrete slab foundation, central air conditioning, and a 506 square foot garage. The property has a 6,382 square foot site and is located in Volo, Wauconda Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within .19 of a mile from the subject property. The appellant reported the comparables have sites ranging in size from 6,669 to 10,550 square feet of land area that are improved with 2-story dwellings ranging in size from 2,480 to 2,883 square feet of living area. The dwellings were built from 2007 to 2012. Each comparable has a basement, central air conditioning; one comparable has a fireplace and each comparable has a garage with 400 or 506 square feet of building area. The appellant disclosed

comparable #4 was a recent rehab in 2021. The comparables sold from May 2020 to May 2021 for prices ranging from \$218,000 to \$305,000 or from \$83.39 to \$106.87 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,554. The subject's assessment reflects a market value of \$245,275 or \$85.94 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within .24 of a mile from the subject property. The board of review reported the comparables have sites ranging in size from 6,380 to 6,820 square feet of land area and are improved with 2-story dwellings of vinyl siding or vinyl siding and brick exterior construction with 2,854 or 2,870 square feet of living area. The dwellings were built from 2007 to 2013. Each comparable has a concrete slab foundation, central air conditioning and a garage with 506 square feet of building area. The comparables sold from September 2020 to March 2021 for prices ranging from \$245,000 to \$262,500 or from \$85.84 to \$91.46 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables which have basements when compared to the subject's concrete slab foundation.

The Board finds the best evidence of market value to be the board of review comparables which are identical to the subject in dwelling size and features and similar in location and age. The properties sold from September 2020 to March 2021 for prices ranging from \$245,000 to \$262,500 or from \$85.84 to \$91.46 per square foot of living area, land included. The subject's assessment reflects a market value of \$245,275 or \$85.94 per square foot of living area, land included, which falls within the range established by the best comparable sales in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value reflected by its assessment is supported. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
