

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Falbe  
DOCKET NO.: 21-04289.001-R-1  
PARCEL NO.: 12-21-203-003

The parties of record before the Property Tax Appeal Board are Scott Falbe, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$159,410  
**IMPR.:** \$260,417  
**TOTAL:** \$419,827

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 4,582 square feet of living area. The dwelling was constructed in 1966 and has an effective age of 1980. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a garage containing 910 square feet of building area. The property has an approximately 18,870 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .4 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 2-story dwellings of wood siding or stucco exterior construction ranging in size from 3,745 to 4,146

square feet of living area.<sup>1</sup> The homes were built from 1955 to 1998, with comparables #1 and #2 having effective ages of 1977 and 1979, respectively. Each dwelling has central air conditioning, two or three fireplaces, a basement with two having finished area, and a garage ranging in size from 525 to 836 square feet of building area. The parcels range in size from 9,801 to 24,093 square feet of land area. The comparables sold from March 2019 to November 2020 for prices ranging from \$862,500 to \$1,500,000 or from \$230.31 to \$366.21 per square foot of living area, including land. The appellant also submitted a Multiple Listing Service (MLS) sheet for comparable #2, noting that it was recently renovated. Based on this evidence, the appellant requested a reduced assessment of \$183,522, for an estimated market value of \$550,621 or \$120.17 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$419,827. The subject's assessment reflects a market value of \$1,262,638 or \$275.56 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on nine comparable sales located within .83 of a mile of the subject, two of which are in the subject's assessment neighborhood. The comparables consist of 1.5-story, 1.75-story, or 2-story dwellings of wood siding, brick, stucco, wood siding and stone, or wood siding and asphalt exterior construction ranging in size from 2,892 to 4,665 square feet of living area. The dwellings were built from 1915 to 2008, with comparables #1, #6, and #7 having effective ages of 1973, 1942, and 1955, respectively. Each dwelling has central air conditioning, one to five fireplaces, and a basement with eight having finished area. Eight comparables each have a garage ranging in size from 420 to 684 square feet of building area. The parcels range in size from 8,830 to 16,550 square feet of land area. The comparables sold from December 2019 to June 2021 for prices ranging from \$1,079,000 to \$1,490,000 or from \$287.25 to \$438.68 per square foot of living area, including land. The board of review also submitted an MLS sheet for the subject noting it was renovated in 2007 and a memorandum arguing that the subject benefits from its location one site from Lake Michigan on a low-traffic street adjacent to a park. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 12 comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are not truly similar

to the subject due to differences in age, dwelling size, and/or features. Nevertheless, the Board gives less weight to the appellant's comparables #1 and #3, as well as board of review comparable #8, which sold less proximate to the January 1, 2021 valuation date at issue in this appeal. The Board also gives reduced weight to board of review comparables #1, #2, #4, #6, #7, #8, and #9, which differ from the subject in dwelling size.

The Board finds the best evidence of market value to be appellant comparable sale #3 and board of review comparable sales #3 and #5, which sold proximate to the valuation date at issue and are similar to the subject in dwelling size, location, and some features. These most similar comparables sold for prices ranging from \$1,340,000 to \$1,500,000 or from \$287.25 to \$373.90 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,262,638 or \$275.56 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
