

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keri Yale
DOCKET NO.: 21-04290.001-R-1
PARCEL NO.: 12-21-121-021

The parties of record before the Property Tax Appeal Board are Keri Yale, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$101,322
IMPR.: \$207,821
TOTAL: \$309,143

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling of wood siding exterior construction with 3,157 square feet of living area. The dwelling was constructed in 1900. Features of the home include an unfinished basement, central air conditioning, three fireplaces, and a garage containing 483 square feet of building area. The property has a 9,300 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .25 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 2-story dwellings ranging in size from 2,944 to 3,260 square feet of living area. The homes were built from 1885 to 1944, with comparables #1 and #4 having effective ages of 1926 and 1942, respectively. Each dwelling has central air conditioning, one or two fireplaces, a basement with

two having finished area, and a garage ranging in size from 440 to 748 square feet of building area.¹ The parcels range in size from 7,248 to 14,876 square feet of land area. The comparables sold from May to November 2020 for prices ranging from \$807,500 to \$950,000 or from \$247.70 to \$322.69 per square foot of living area, including land. The appellant also submitted Multiple Listing Service (MLS) sheets for comparables #1 and #4, noting that these comparables were recently renovated. Based on this evidence, the appellant requested a reduced assessment of \$267,266, for an estimated market value of \$801,878 or \$254.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$309,143. The subject's assessment reflects a market value of \$929,753 or \$294.51 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .44 of a mile of the subject, three of which are in the subject's assessment neighborhood. Comparable #3 is the same property as appellant comparable #4. The comparables consist of 1.75-story or 2-story dwellings of wood siding, brick, stucco, or wood/asphalt shingle exterior construction ranging in size from 2,944 to 3,747 square feet of living area. The dwellings were built from 1890 to 1959, with effective ages ranging from 1942 to 1973. Each dwelling has central air conditioning, one to four fireplaces, a basement with four having finished area, and a garage ranging in size from 420 to 525 square feet of building area. The parcels range in size from 7,250 to 16,550 square feet of land area. The comparables sold from April 2020 to July 2021 for prices ranging from \$945,000 to \$1,200,000 or from \$302.88 to \$382.90 per square foot of living area, including land. The board of review also submitted a listing report for appellant comparable #1 and an MLS sheet for appellant comparable #3 noting that each was listed for six days before it sold. The board of review also noted on its comparable grid that the subject was remodeled in 2014. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the board of review's comparable #4 due to its larger dwelling in relation to the subject.

¹ Details not reported by the appellant were drawn from the Multiple Listing Service sheets submitted by the parties.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are similar to the subject in dwelling size, location, and some features. These most similar comparables sold for prices ranging from \$807,500 to \$1,200,000 or from \$247.70 to \$382.90 per square foot of living area, including land. Excluding the high and low sales from the analysis results in a tighter range of sale prices from \$810,000 to \$1,079,000 or from \$264.88 to \$358.83 per square foot of living area, including land. The subject's assessment reflects a market value of \$929,753 or \$294.51 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
