

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Angel Casper
DOCKET NO.: 21-04298.001-R-1
PARCEL NO.: 10-28-300-016

The parties of record before the Property Tax Appeal Board are Angel Casper, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,859
IMPR.: \$119,833
TOTAL: \$150,692

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,242 square feet of living area. The dwelling was constructed in 1986. Features of the home include a basement with finished area, central air conditioning, a fireplace, a garage containing 605 square feet of building area, and a pole barn. The property has an approximately 223,900 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 3.64 miles of the subject. The comparables consist of one-story dwellings ranging in size from 1,821 to 2,482 square feet of living area. The homes were built from 1970 to 1996. Each dwelling has central

air conditioning, a fireplace, a basement with one having finished area,¹ and a garage ranging in size from 420 to 546 square feet of building area. The parcels range in size from 10,001 to 12,711 square feet of land area. The comparables sold in March or July 2020 for prices ranging from \$278,450 to \$331,000 or from \$133.36 to \$166.39 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$114,331, for an estimated market value of \$343,027 or \$153.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,692. The subject's assessment reflects a market value of \$453,209 or \$202.14 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 2.05 miles of the subject. The comparables consist of one-story dwellings of wood siding, brick, or wood siding and brick exterior construction ranging in size from 1,404 to 3,298 square feet of living area. The dwellings were built from 1954 to 2004, with the oldest home having an effective age of 1965. Each dwelling has central air conditioning, a basement with three having finished area, and a garage ranging in size from 528 to 1,275 square feet of building area. Three comparables each have one or two fireplaces. Comparable #1 has a stable and comparable #2 has a pole building. The parcels range in size from 108,330 to 217,800 square feet of land area. The comparables sold from June 2020 to June 2021 for prices ranging from \$399,900 to \$642,500 or from \$166.77 to \$284.83 per square foot of living area, including land. The board of review also submitted an MLS sheet as evidence of the subject's 2019 sale price, as well as a memorandum arguing that the appellant's comparables have smaller sites relative to the subject and that the current assessment is below the subject's 2019 sale price. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are not truly similar to the subject due to differences in age, site size, and/or dwelling size. Nevertheless, the Board gives less weight to the appellant's comparables, which differ significantly in site size

¹ The appellant also submitted a Multiple Listing Service (MLS) sheet for comparable #3, which notes the property has a finished basement.

when compared to the subject. The Board also gives reduced weight to board of review comparables #2 and #3, which differ from the subject in age.

The Board finds the best evidence of market value to be the board of review's comparable sales #1 and #4, which are similar to the subject in site size, age, and some features. These most similar comparables sold for prices of \$399,900 and \$550,000 or for \$166.77 and \$284.83 per square foot of living area, including land. The subject's assessment reflects a market value of \$453,209 or \$202.14 per square foot of living area, including land, which is bracketed by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
