

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nadine Mihaljevic
DOCKET NO.: 21-04300.001-R-1
PARCEL NO.: 10-24-406-004

The parties of record before the Property Tax Appeal Board are Nadine Mihaljevic, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,488
IMPR.: \$81,672
TOTAL: \$96,160

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of wood siding exterior construction with 1,624 square feet of living area. The dwelling was constructed in 1978. Features of the home include a finished lower level, central air conditioning, a fireplace, and a garage containing 528 square feet of building area. The property has an approximately 7,800 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .73 of a mile of the subject and within the subject's assessment neighborhood. The comparables are described as one-story dwellings ranging in size from 1,316 to 1,728 square feet of living area. The homes were built from 1962 to 1976. Each dwelling has central air conditioning, two comparables each

have a fireplace, one comparable is reported to have a basement with finished area,¹ and two comparables each have a garage containing either 500 or 550 square feet of building area. The parcels range in size from 10,489 to 23,906 square feet of land area. The comparables sold from March 2020 to March 2021 for prices ranging from \$235,000 to \$355,000 or from \$154.80 to \$264.93 per square foot of living area, including land. The appellant also submitted a Multiple Listing Service sheet for comparable #4, noting that it was recently renovated. Based on this evidence, the appellant requested a reduced assessment of \$82,816, for an estimated market value of \$248,473 or \$153.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,160. The subject's assessment reflects a market value of \$289,203 or \$178.08 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .78 of a mile of the subject and within the subject's assessment neighborhood. Comparable #4 is the same property as appellant comparable #4. The comparables consist of split-level dwellings of wood siding or brick and wood siding exterior construction ranging in size from 1,091 to 1,340 square feet of living area. The dwellings were built from 1960 to 1975. Each dwelling has a finished lower level and a garage ranging in size from 324 to 672 square feet of building area. Four comparables have central air conditioning, three comparables each have one or two fireplaces, and two comparables each have a basement. The parcels range in size from 8,550 to 15,650 square feet of land area. The comparables sold from December 2019 to August 2021 for prices ranging from \$240,000 to \$355,000 or from \$200.39 to \$264.93 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparables #1 through #3, which differ from the subject in age and/or design, and lack a garage, a feature of the subject. The Board also gives reduced weight to the common comparable, as well as board of review comparables #2 and #3

¹ The appellant submitted a Multiple Listing Service sheet for comparable #4 which notes this comparable has a finished basement.

due to their older dwellings in relation to the subject. Additionally, board of review comparable #2 sold less proximate to the January 1, 2021 valuation date at issue.

The Board finds the best evidence of market value to be board of review comparable sales #1 and #5, which sold proximate to the valuation date at issue and are similar to the subject in age, design, and location. These most similar comparables sold for prices of \$254,900 and \$300,000 or for \$200.39 and \$231.30 per square foot of living area, including land. The subject's assessment reflects a market value of \$289,203 or \$178.08 per square foot of living area, including land, which is bracketed by the best comparable sales in this record overall, below the best comparables on a per-square-foot basis, and appears well supported given the subject's larger dwelling. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
