

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Val Maxwell
DOCKET NO.: 21-04372.001-R-1
PARCEL NO.: 11-15-400-009

The parties of record before the Property Tax Appeal Board are Val Maxwell, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$64,685
IMPR.: \$119,093
TOTAL: \$183,778

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,867 square feet of living area. The dwelling was constructed in 1945 and has a reported effective age of 1988. Features of the home include a basement, central air conditioning, two fireplaces and a 484 square foot garage. The property has an approximately 41,175 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that are located from .61 of a mile to 1.38 miles from the subject property. The comparables have sites that range in size from 27,614 to 40,966 square feet of land area. The comparables are improved with one-story dwellings of frame or frame and brick exterior construction ranging in size from 2,576 to 3,285 square feet of living area. The dwellings were built from 1970 to 1999 with comparable #1 having a reported

effective age of 1983. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 462 to 652 square feet of building area. The comparables sold from April 2020 to February 2021 for prices ranging from \$535,000 to \$615,000 or from \$179.60 to \$215.19 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$176,781, which would reflect a market value of \$530,396 or \$185.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$183,778. The subject's assessment reflects a market value of \$552,716 or \$192.79 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that are located from .12 of a mile to 1.35 miles from the subject property, two of which have the same assessment neighborhood code as the subject. The board of review's comparables #3 and #5 are the same properties as the appellant's comparables #2 and #3, respectively. Four comparables have sites that range in size from 21,340 to 40,960 square feet of land area. No site size was provided for comparable #5. The comparables are improved with one-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,112 to 3,090 square feet of living area. The dwellings were built from 1964 to 1999 with comparable #1 having a reported effective age of 1973. Comparable #1 has a crawl space foundation and four comparables each have a basement. Each comparable has central air conditioning, one to three fireplaces and a garage with either 462 or 894 square feet of building area. The comparables sold from April 2020 to June 2021 for prices ranging from \$510,000 to \$650,000 or from \$207.69 to \$241.48 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six suggested comparable sales for the Board's consideration, as two comparables were common to the parties. The Board has given less weight to the appellant's comparable #1, as well as board of review comparables #2 and #4 due to differences from the subject in dwelling size. The Board has also given less weight to the appellant's comparable #3/board of review comparable #5 due to its considerably newer age when compared to the subject. Furthermore, the Board finds the appellant's comparables #1 and #3/board of review comparable #5 are located more than one mile away from the subject.

The Board finds the appellant's comparable #2/board of review comparable #3 and board of review comparable #1 are overall most similar to the subject in location, dwelling size, design, effective age and some features. These two best comparables sold in August 2020 and February 2021 for prices of \$535,000 and \$650,000 or for \$207.69 and \$210.36 per square foot of living area, including land. The subject's assessment reflects a market value of \$552,716 or \$192.79 per square foot of living area, including land, which is bracketed by the two best comparable sales in the record in terms of overall market value but below the comparables on a price per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
