

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Schamber
DOCKET NO.: 21-04387.001-R-1
PARCEL NO.: 11-11-402-052

The parties of record before the Property Tax Appeal Board are James Schamber, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$70,533
IMPR.: \$118,970
TOTAL: \$189,503

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,640 square feet of living area. The dwelling was constructed in 1987. Features of the home include a basement, central air conditioning, a fireplace and an 876 square foot garage. The property has a 39,730 square foot site and is located in Green Oaks, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable properties with sales data provided for four of the five comparables. Since no sales data was provided for comparable #4 in support of the appellant's overvaluation argument, the property will not be further addressed in this analysis. The four comparable sales have the same assessment neighborhood code as the subject and are located within .43 of a mile from the subject property. These comparables have sites that range

in size from 38,580 to 43,934 square feet of land area. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 2,833 to 3,062 square feet of living area. The dwellings were built from 1981 to 1983 with comparable #2 having a reported effective age of 1984. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 484 to 1,481 square feet of building area. These four comparables sold from January 2020 to April 2021 for prices ranging from \$510,000 to \$580,000 or from \$171.24 to \$199.86 per square foot of living area, including land. The appellant also submitted the listing sheet for comparable #2 revealing the dwelling has finished basement area and was rehabbed in 2009. Based on this evidence, the appellant requested the subject's assessment be reduced to \$165,423, which would reflect a market value of \$496,319 or \$188.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$189,503. The subject's assessment reflects a market value of \$569,934 or \$215.88 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .62 of a mile from the subject property. The comparables have sites that range in size from 38,730 to 48,350 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,170 to 3,044 square feet of living area. The dwellings were built from 1980 to 1991. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 420 to 822 square feet of building area. Two comparables each have an inground swimming pool. The comparables sold from August 2020 to May 2021 for prices ranging from \$600,000 to \$690,000 or from \$220.60 to \$304.15 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparable #2 due to its finished basement area, not a feature of the subject. The Board has given reduced weight to board of review comparables #1, #3 and #4 due to differences from in the subject in dwelling size or they have an inground swimming pool, unlike the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are similar to the subject in location, dwelling size, design, age and some features. These best comparables sold from January 2020 to May 2021 for prices ranging from \$510,000 to \$675,000 or from \$171.24 to \$255.68 per square foot of living area, including land. The subject's assessment reflects a market value of \$569,934 or \$215.88 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
