

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kazim Hasan
DOCKET NO.: 21-04391.001-R-1
PARCEL NO.: 11-13-201-028

The parties of record before the Property Tax Appeal Board are Kazim Hasan, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,375
IMPR.: \$41,329
TOTAL: \$58,704

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,278 square feet of living area. The dwelling was constructed in 1992. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 200 square foot garage. The property is located in North Chicago, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .11 of a mile from the subject property. Each comparable is improved with a one-story dwelling of frame exterior construction containing 1,278 square feet of living area. The dwellings were each built in 1992. Each comparable has a concrete slab foundation, central air conditioning, a fireplace and a 200 square foot garage. The comparables sold from June to December 2020 for prices ranging from

\$160,000 to \$178,000 or from \$125.20 to \$139.38 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$55,374, which would reflect a market value of \$166,139 or \$130.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,704. The subject's assessment reflects a market value of \$176,553 or \$138.15 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .09 of a mile from the subject property. Each comparable is improved with a one-story dwelling of wood siding exterior construction containing 1,278 square feet of living area. The dwellings were each built in 1992. Comparable #3 has a basement and four comparables each have a concrete slab foundation. Each comparable has central air conditioning and a 200 square foot garage. Three comparables each have a fireplace. The comparables sold from February 2020 to December 2021 for prices ranging from \$187,000 to \$225,000 or from \$146.32 to \$176.06 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparable sales for the Board's consideration. The Board has given less weight to board of review comparable #3 due to its basement foundation, when compared to the subject's concrete slab foundation.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are similar to the subject in location and identical to the subject in dwelling size, design, age and some features. These eight comparables sold from February 2020 to October 2021 for prices ranging from \$160,000 to \$225,000 or from \$125.20 to \$176.06 square feet of living area, including land. The subject's assessment reflects a market value of \$176,553 or \$138.15 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences in features when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
