

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Esmeralda Kaiteris
DOCKET NO.: 21-04404.001-R-1
PARCEL NO.: 14-32-204-002

The parties of record before the Property Tax Appeal Board are Esmeralda Kaiteris, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,226
IMPR.: \$117,966
TOTAL: \$164,192

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of wood siding exterior construction with 2,688 square feet of living area.¹ The dwelling was constructed in 1977 and has a reported effective age of 1982. Features of the home include a walk-out basement, central air conditioning, a fireplace and a 1,068 square foot garage. The property has a 49,820 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located within .22 of a mile from the subject property.

¹ The parties differ as to the size of the subject dwelling. The Board finds the best evidence of size is found in the subject's property record card provided by the board of review, which contains a schematic diagram and dimensions of the improvements.

The comparables have sites that range in size from 45,410 to 51,438 square feet of land area. The comparables are improved with 2-story dwellings of frame or brick and frame exterior construction ranging in size from 2,496 to 3,080 square feet of living area. The dwellings were built in 1978 or 1985. The comparables each have a basement, one of which is a walk-out. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 658 to 814 square feet of building area. The comparables sold from February to November 2020 for prices ranging from \$400,100 to \$495,000 or from \$129.90 to \$172.35 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$161,393, which would reflect a market value of \$484,227 or \$180.14 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$164,192. The subject's assessment reflects a market value of \$493,811 or \$183.71 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .66 of a mile from the subject property. The board of review's comparable #4 is the same property as the appellant's comparable #3.² The comparables have sites that range in size from 33,750 to 103,050 square feet of land area. The comparables are improved with 1.5-story or 2-story dwellings of wood siding exterior construction ranging in size from 2,712 to 3,054 square feet of living area. The dwellings were built from 1979 to 1986. The comparables each have a basement, one of which is a walk-out. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 616 to 1,334 square feet of building area. The comparables sold from February 2020 to September 2021 for prices ranging from \$493,000 to \$579,000 or from \$161.43 to \$198.83 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable sales for the Board's consideration, as one sale was common to the parties. The Board has given less weight to the appellant's comparable #1, as well as board of review comparables #2 and #3 due to their larger dwelling sizes or considerably larger site size, when compared to the subject.

² The board of review reported that its' comparable #3 has 2,856 square feet of living area, whereas the appellant reported the dwelling contained 2,872 square feet of living area.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are overall more similar to the subject in location, dwelling size, age and some features. These four comparables sold from February 2020 to September 2021 for prices ranging from \$430,000 to \$535,000 or from \$170.65 to \$197.27 per square foot of living area, including land. The subject's assessment reflects a market value of \$493,811 or \$183.71 per square foot of living area, including land, which falls within the range established by the best comparables in the record. Based on this record, and after considering adjustments to the best comparables for differences from the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
