

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sergey Kochin
DOCKET NO.: 21-04425.001-R-1
PARCEL NO.: 14-33-404-006

The parties of record before the Property Tax Appeal Board are Sergey Kochin, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,116
IMPR.: \$160,591
TOTAL: \$204,707

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,912 square feet of living area that was constructed in 1976. Features of the home include a basement, central air conditioning, two fireplaces, a 528 square foot garage and an inground swimming pool. The property has an approximately 43,566 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.60 of a mile from the subject property. The comparables have sites that range in size from 37,142 to 39,650 square feet of land area and are improved with two-story dwellings of brick or frame exterior construction that range in size from 3,200 to 3,731 square feet of living area. The dwellings were built from 1977 to 1986. Each comparable has a basement, central air conditioning, one

fireplace and a garage ranging in size from 750 to 768 square feet of building area. Comparable #3 has an inground swimming pool. The properties sold from June to October 2020 for prices ranging from \$400,000 to \$618,000 or from \$124.96 to \$193.13 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$192,973 which reflects a market value of \$578,977 or \$148.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$204,707. The subject's assessment reflects a market value of \$615,660 or \$157.38 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.25 of a mile from the subject property. Board of review comparable #1 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 34,880 to 43,080 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,200 to 3,281 square feet of living area. The homes were built from 1976 to 1978. Each comparable has a basement, central air conditioning, one fireplace and a garage with either 725 or 768 square feet of building area. Comparable #1 has an inground swimming pool. The properties sold from June 2020 to November 2021 for prices ranging from \$465,000 to \$618,000 or from \$141.85 to \$193.13 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains five comparable sales for the Board's consideration, as one property was common to both parties. The Board gives less weight to appellant comparable #1 which, based on its considerably lower per square foot sale price, appears to be an outlier relative to the other comparable properties in the record.

The Board finds the best evidence of market value to be appellant comparables #2 and #3 along with each of the board of review comparables, including the common property, which are more similar to the subject in location, age, design and other features. However, each of these properties has a smaller site size and smaller dwelling size when compared to the subject and only one property features an inground swimming pool like the subject, suggesting adjustments are needed to make these properties more equivalent to the subject. These best comparables sold from June 2020 to November 2021 for prices ranging from \$465,000 to \$618,000 or from \$141.85 to \$193.13 per square foot of living area, including land. The subject's assessment

reflects a market value of \$615,660 or \$157.38 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
