

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Korzelik
DOCKET NO.: 21-04436.001-R-1
PARCEL NO.: 13-11-300-267

The parties of record before the Property Tax Appeal Board are Gary Korzelik, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,187
IMPR.: \$88,101
TOTAL: \$96,288

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story condominium unit of wood siding exterior construction with 1,710 square feet of living area.¹ The condominium unit was constructed in 1979 and features a basement with finished area, central air conditioning, two fireplaces and a 252 square foot detached garage. The property has a 1,710 square foot site and is located in Lake Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and three of which are located within .20 of a mile from the subject property. The appellant reported the comparables are improved with two-story dwellings

¹ The Board finds the best description of the subject property is found in the subject's property record card provided by the board of review which disclosed the property is improved with a two-story condominium unit.

of frame exterior construction ranging in size from 1,410 to 1,789 square feet of living area. The comparables each have a basement with finished area, two of which are walk-outs. Each comparable has central air conditioning, two fireplaces and a detached garage ranging in size from 242 to 484 square feet of building area. The comparables sold from June 2020 to April 2021 for prices ranging from \$200,000 to \$297,500 or from \$134.86 to \$166.29 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$86,631, which would reflect a market value of \$259,919 or \$152.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,288. The subject's assessment reflects a market value of \$289,588 or \$169.35 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .25 of a mile from the subject property. The comparables are improved with two-story condominium units of wood siding exterior construction that contain 1,710 or 1,789 square feet of living area. The condominium units were built in either 1978 or 1979. Each comparable has a basement with finished area, central air conditioning, two fireplaces and a detached garage with either 252 or 441 square feet of building area. The comparables sold from July 2020 to August 2021 for prices ranging from \$288,000 to \$375,000 or from \$160.98 to \$219.30 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #4 which differ from the subject in dwelling size.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are similar to the subject in location, and similar if not identical to the subject in dwelling size, age and some features. These seven comparables sold from July 2020 to August 2021 for prices ranging from \$242,500 to \$375,000 or from \$143.58 to \$219.30 per square foot of living area, including land. Removing the low and high sale prices, appellant's comparable #2 and board of review comparable #1, results in a tighter value range from \$281,000 to \$319,000 or from \$157.07 to \$186.55 per square foot of living area, including land. The subject's assessment

reflects a market value of \$289,588 or \$169.35 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record and well within the narrower range of sales after removing the low and high sales. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
