

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Hayward  
DOCKET NO.: 21-04446.001-R-1  
PARCEL NO.: 14-07-301-064

The parties of record before the Property Tax Appeal Board are Michael Hayward, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,235  
**IMPR.:** \$143,960  
**TOTAL:** \$182,195

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,332 square feet of living area. The dwelling was constructed in 2001. Features of the home include a basement, central air conditioning, two fireplaces and a 713 square foot garage. The property has an approximately 11,326 square foot site and is located in North Barrington, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located from 1.15 to 1.18 miles from the subject property. The comparables have sites that range in size from 9,999 to 10,900 square feet of land area. The comparables are improved with two-story dwellings of frame or brick and frame exterior construction ranging in size from 2,287 to 2,395 square feet of living area that were each

built in 1994. Each comparable has a walk-out basement, central air conditioning, two fireplaces and a garage containing either 756 or 1,528 square feet of building area. The comparables sold from January to July 2020 for prices ranging from \$420,000 to \$580,000 or from \$129.76 to \$188.31 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$131,046, which would reflect a market value of \$393,177 or \$118.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,195. The subject's assessment reflects a market value of \$547,955 or \$164.45 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .51 of a mile from the subject property. The comparables have sites that range in size from 11,740 to 56,350 square feet of land area. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 3,491 to 3,794 square feet of living area. The dwellings were built from 1989 to 2001. The board of review reported that comparable #3 has a lower level and four comparables each have a basement. Each comparable has central air conditioning, one to three fireplaces and a garage ranging in size from 598 to 1,024 square feet of building area. The comparables sold from September 2020 to November 2021 for prices ranging from \$600,000 to \$740,000 or from \$158.19 to \$200.27 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables due to their distant locations from the subject being more than one mile away. The Board has given reduced weight to board of review comparables #1, #2 and #3 which differ from the subject in dwelling size or age. Additionally, board of review comparable #1 has a considerably larger site size, when compared to the subject.

The Board finds the best evidence of market value to be board of review comparables #4 and #5, which are overall more similar to the subject in location, dwelling size, design, age and some features. These two comparables sold in September 2020 and November 2021 for prices of \$680,000 and \$740,000 or for \$194.79 and \$200.27 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$547,955 or \$164.45 per

square foot of living area, including land, which falls well below the two best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
