

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jacob Stein  
DOCKET NO.: 21-04448.001-R-1  
PARCEL NO.: 14-09-404-006

The parties of record before the Property Tax Appeal Board are Jacob Stein, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$29,334  
**IMPR.:** \$114,822  
**TOTAL:** \$144,156

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,592 square feet of living area. The dwelling was constructed in 1997. Features of the home include a basement, central air conditioning, a fireplace and a 776 square foot garage. The property has an approximately 13,406 square foot site and is located in Lake Zurich, Ela Township, Lake County.<sup>1</sup>

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located within .16 of a mile from the subject property.

---

<sup>1</sup> The parties differ as to the size of the subject site. The Board finds the best evidence of size is found in the subject's property record card provided by the board of review.

The comparables have sites that range in size from 9,887 to 12,790 square feet of land area. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 2,433 to 2,803 square feet of living area. The dwellings were each built in 1996. The comparables each have a basement, one of which is a walk-out. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 528 to 736 square feet of building area. The comparables sold from February 2020 to March 2021 for prices ranging from \$380,000 to \$445,000 or from \$138.43 to \$182.90 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$136,498, which would reflect a market value of \$409,535 or \$158.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,156. The subject's assessment reflects a market value of \$433,552 or \$167.27 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .17 of a mile from the subject property. The board of review's comparables #4 and #5 are the same properties as the appellant's comparables #3 and #2, respectively. Four comparables have sites that range in size from 9,960 to 12,720 square feet of land area. No site size was provided for comparable #3. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,299 to 2,803 square feet of living area. The dwellings were built in either 1996 or 2001. The comparables each have a basement, one of which is a walk-out. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 441 to 736 square feet of building area. The comparables sold from July 2020 to July 2021 for prices ranging from \$333,000 to \$482,500 or from \$144.85 to \$192.61 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six suggested comparable sales for the Board's consideration, as two sales were common to the parties. The Board has given reduced weight to board of review comparable #3 due to its smaller dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which includes the two common comparables. The Board finds these five comparables are similar to the subject in location, dwelling size, design, age and some features. The comparables

sold from February 2020 to July 2021 for prices ranging from \$380,000 to \$482,500 or from \$138.43 to \$192.61 per square foot of living area, including land. The subject's assessment reflects a market value of \$433,552 or \$167.27 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
