

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Boehm
DOCKET NO.: 21-04479.001-R-1
PARCEL NO.: 06-05-301-036

The parties of record before the Property Tax Appeal Board are Scott Boehm, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,254
IMPR.: \$98,943
TOTAL: \$117,197

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a part two-story and part one-story dwelling of wood siding exterior construction containing 3,592 square feet of living area. The dwelling was built in 2007. Features of the home include a full unfinished basement, central air conditioning, one fireplace and an attached garage with 822 square feet of building area. The property has a 13,112 square foot site and is in Lake Villa, Lake Villa Township, Lake County.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on twelve equity comparables improved with two-story dwellings of wood frame construction that range in size from 3,506 to 3,764 square feet of living area. The homes were built from 2006 to 2012. Each comparable has an unfinished basement, central air conditioning and a garage ranging in size from 560 to 706 square feet of building area. Nine of the comparables have one fireplace. These

properties have the same assessment neighborhood code as the subject and are located from .06 to .28 miles from the subject property. These properties have improvement assessments ranging from \$89,713 to \$98,551 or from \$23.83 to \$26.90 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$95,386.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$117,197. The subject property has an improvement assessment of \$98,943 or \$27.55 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with part two-story and part one-story dwellings of wood siding exterior construction ranging in size from 3,153 to 3,339 square feet of living area. The homes were built from 2006 to 2011. Each comparable has a full unfinished basement with one being a walk-out design, central air conditioning, one fireplace, and an attached garage ranging in size from 560 to 696 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from .15 to .30 miles from the subject. The improvement assessments range from \$87,284 to \$95,468 or from \$27.30 to \$28.85 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on seventeen comparables improved with dwellings that are similar to the subject in location, style, and age. These properties are improved with homes that are somewhat similar to the subject in dwelling size, but each is smaller than the subject home. The comparables are generally similar to the subject in features with the exception each has a smaller garage than the subject property and three comparables have no fireplace whereas the subject has one fireplace. The Board finds each comparable would require an upward adjustment due to their smaller garages and three would require an additional upward adjustment due to the lack of a fireplace. These comparables have improvement assessments that range from \$87,284 to \$98,551 or from \$23.83 to \$28.85 per square foot of living area. The subject's improvement assessment of \$98,943 or \$27.55 per square foot of living area falls above the overall range but is within the range established by the comparables in this record on a per square foot basis. The subject's overall higher improvement assessment is justified due to the property's larger dwelling size relative to the comparables. Based on this record, after considering the necessary adjustments, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
