

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Edgar
DOCKET NO.: 21-04483.001-R-1
PARCEL NO.: 06-05-402-007

The parties of record before the Property Tax Appeal Board are Andrew Edgar, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,087
IMPR.: \$79,323
TOTAL: \$92,410

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a part two-story and part one-story dwelling of wood siding exterior construction containing 2,296 square feet of living area. The dwelling was built in 1996. Features of the home include a full basement finished with a recreation room¹, central air conditioning, a fireplace, 3.5 bathrooms, and an attached garage with 460 square feet of building area. The property has a 12,197 square foot site and is in Lake Villa, Lake Villa Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on twelve equity comparables improved with two-story dwellings of wood frame construction that range in size

¹ The board of review submitted a copy of the subject's property record card describing the home as having a basement partially finished with a recreation room, which was not refuted by the appellant in rebuttal.

from 2,196 to 2,398 square feet of living area. The homes were built from 1995 to 1999. Each comparable is described as having an unfinished basement, central air conditioning and a garage ranging in size from 400 to 480 square feet of building area. Eleven comparables have 2.5 bathrooms and one comparable has 3.5 bathrooms. Eight of the comparables have one fireplace. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$61,777 to \$73,684 or from \$26.75 to \$30.80 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$68,754.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$92,410. The subject property has an improvement assessment of \$79,323 or \$34.55 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with part two-story and part one-story dwellings of wood siding exterior construction ranging in size from 2,296 to 2,329 square feet of living area. The homes were built from 1996 to 1999. Each comparable has a basement finished with a recreation room, central air conditioning, one fireplace, and an attached garage ranging in size from 460 to 732 square feet of building area. Four comparables have 3.5 bathrooms and one comparable has 2.5 bathrooms. The comparables have the same assessment neighborhood code as the subject property and are located from .06 to .13 miles from the subject property. Their improvement assessments range from \$80,005 to \$83,094 or from \$34.35 to \$36.11 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables as these properties were improved with homes more similar to the subject dwelling in features than were the comparables provided by the appellant. These comparables have improvement assessments that range from \$80,005 to \$83,094 or from \$34.35 to \$36.11 per square foot of living area. The subject's improvement assessment of \$79,323 or \$34.55 per square foot of living area falls below the overall range but within the range established by the best comparables in this record on a square foot basis. Less weight was given the appellant's comparables as none of these properties have finished basement area as does the subject property, eleven of the comparables have one less bathroom than the subject property, and four comparables have no fireplace which is dissimilar to the subject dwelling. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
