

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anica Kulacic
DOCKET NO.: 21-04486.001-R-1
PARCEL NO.: 06-07-407-002

The parties of record before the Property Tax Appeal Board are Anica Kulacic, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,478
IMPR.: \$66,993
TOTAL: \$78,471

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a part two-story and part one-story dwelling of wood siding exterior construction containing 2,222 square feet of living area. The dwelling was built in 2002. Features of the home include a basement partially finished with a recreation room¹, central air conditioning, one fireplace and an attached garage with 440 square feet of building area. The property has a 7,405 square foot site and is in Round Lake Heights, Lake Villa Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on twelve equity comparables improved with two-story dwellings of wood frame construction that range in size

¹ The board of review submitted a copy of the subject's property record card describing the dwelling as having a basement partially finished with a recreation, which was not refuted by the appellant in rebuttal.

from 2,192 to 2,328 square feet of living area. The homes were built in 2001 or 2002. Each comparable has an unfinished basement, central air conditioning and a garage with either 400 or 440 square feet of building area. Five of the comparables have one fireplace. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$61,998 to \$67,156 or from \$27.99 to \$28.85 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$63,605.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,471. The subject property has an improvement assessment of \$66,993 or \$30.15 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with part two-story and part one-story dwellings of wood siding exterior construction ranging in size from 2,204 to 2,222 square feet of living area. The homes were built in 2002. Each comparable has a basement partially finished with a recreation room, central air conditioning, one or two fireplaces, and an attached garage with 440 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from .04 to .21 miles from the subject property. Their improvement assessments range from \$66,045 to \$67,687 or from \$30.13 to \$30.63 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review as these properties are more similar to the subject dwelling in features than are the comparables provided by the appellant. The comparables provided by the board of review have improvement assessments that range from \$66,045 to \$67,687 or from \$30.13 to \$30.63 per square foot of living area. The subject's improvement assessment of \$66,993 or \$30.15 per square foot of living area falls within the range established by the best comparables in this record and is identical to board of review comparable #2, which is equivalent to the subject dwelling in size and features. Less weight is given the appellant's comparables as these homes lack finished basement area and seven lack fireplaces, which are features of the subject dwelling. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
