

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edin Jasic
DOCKET NO.: 21-04494.001-R-1
PARCEL NO.: 06-09-313-032

The parties of record before the Property Tax Appeal Board are Edin Jasic, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,174
IMPR.: \$57,415
TOTAL: \$65,589

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,546 square feet of living area. The dwelling was constructed in 2000. Features of the home include a basement, central air conditioning, a fireplace and a 360 square foot garage. The property has an approximately 5,660 square foot site and is located in Round Lake Beach, Lake Villa Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement assessment. In support of this argument, the appellant submitted information on twelve equity comparables located in the same assessment neighborhood code as the subject and within .79 of a mile from the subject. The comparables consist of two-story dwellings of wood siding exterior construction that were built from 1993 to 2000. The dwellings contain either 1,498 or 1,546 square feet of living area and have unfinished basements as reported by the

appellant. Eleven of the comparables have central air conditioning and each comparable has a garage containing either 360 or 462 square feet of building area. The comparables have improvement assessments ranging from \$50,592 to \$53,973 or from \$33.77 to \$34.98 per square foot of living area.

Based on this evidence, the appellant requested a reduced improvement assessment of \$53,546 or \$34.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,589. The subject property has an improvement assessment of \$57,415 or \$37.14 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject and within .38 of a mile from the subject. The comparables consist of two-story dwellings of wood siding exterior construction that were built in 1998 or 1999. The dwellings each contain 1,546 square feet of living area, with a basement, central air conditioning, a fireplace and a 360 square foot garage. The comparables have improvement assessments of either \$56,772 or \$57,415 or either \$36.72 or \$37.14 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seventeen equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1, #2 and #4 through #11 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #12 along with the board of review comparables which are each similar to the subject in location, dwelling size, foundation and most features. These comparables have improvement assessments that range from \$53,605 to \$57,415 or from \$34.67 to \$37.14 per square foot of living area. The subject's improvement assessment of \$57,415 or \$37.14 per square foot of living area falls within the range established by the best comparables in this record and appears to be justified when giving due consideration to the subject's newer construction date of 2000 when compared to the best comparables in the record. Based on this record and after considering appropriate adjustments for differences when compared to the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
